U.S. TROOPS KILL 15 IN BANDIT WAR

Trooper Dies in Clash With Mexican Raiders at Border

All-American Conference to Settle Strife in Torn Republic

By Associated Press.

BROWNSVILLE, Texas, Aug. 3.—Twelve to fifteen Mexican bandits are reported killed in fighting today with United States cavalrymen and American possemen in the low, thick, thorny brush north of Brownsville.

Private McGuire of the Twelfth Cavalry was reported killed; Private Curtis, possibly fatally wounded; Joe Taylor, a customs guard, shot in the shoulder, and Deputy Sheriff C. A. Monahan of Brownsville, shot in the leg.

Appeals were sent to Governor James E. Ferguson today asking for more United States troops to help guard this section of the border. The outlaws are believed to be part of the same band which has been marauding in this section from twenty to thirty miles inside the American border for nearly three weeks. One American was killed by them two weeks ago. The country is thickly settled, the low brush, with thick foliage, affording unimpeded hiding places.

FIGHT IN MOONLIGHT
This particular body of bandits was discovered about 2 o'clock this morning near San Benito, Tex., about fifteen miles from the border, by Sam Robertson, president of the San Benito and Grand Valley Valley railroad, while returning from surveying. He reported that they seemed to have a stockade. Lieutenant Lieut ordered Troop A immediately into their saddles, twenty-six cavalrymen galloping out of San Benito in the moonlight, accompanied by several local officers.

The Americans unexpectedly ran upon the Mexicans. A running fight began. For the remainder of the night and much of the morning there was continual rifle firing in the brush. About 300 farmers from near San Benito have joined in the hunt.

AMERICANS UNITE.

WASHINGTON, Aug. 3.—The six South and Central American nations which have been invited to meet here Thursday to consider plans for restoring peace to Mexico have formally signified their willingness to join with the United States in the preliminary conference. A course of action will be outlined as soon as a conference is arranged.

It contemplates the restoration of constitutional government without the use of force, if possible, but has in view joint action of all the Americas, if necessary. Although all officials surround the conference with the greatest secrecy, it is known that the first element is an embargo on arms from all Latin-America to Mexico.

The President is not committed to details of any plan, but will invite suggestions from the Latin-American governments to open the way to a common ground.

Announcement of the conference was considered by agents of the Mexican factions here. Carranza's agents are hopeful that the meeting within the last few weeks and his efforts to respond to the demands of this government to relieve Mexico City, would lead to ultimate peace and relieve their mystification.

Wilson's adherents believe President Wilson will submit a plan for a provisional government taking up the Constitutional succession where it was broken by the death of President Madero. Vasquez, minister of justice, is in line. Should any faction revolt, they propose an embargo on munitions of war against the revolution, and that the American government support the factions participating in the provisional government. Such a course, they admitted, might eliminate armed intervention.

General Carranza's followers here believe he will not yield, but will take the ground that he is entitled to recognition. General Carranza's agency announced that General Hernandez, commanding a Villa force at Coalula, had sent emissaries to arrange a surrender of his forces to the Carranza army. It was said he based his surrender on the reported withdrawal of the Madero family from the Villa movement.

Chinese Becomes Montessori Apostle

Educator's Creed to Be Told Orient's Mothers

SAN FRANCISCO, Aug. 3.—From San Francisco, the scene of its latest demonstration, Dr. Maria Montessori's world-famous system of child training is to be carried to China. There it is to be taught to the youth of old Cathay in the hope that it will produce a brighter and better citizenry.

The apostle of learning, who will carry the famous educator's system across the seas, is Mrs. Wong Sun Yue Clemens of San Francisco, well-known clarity and social worker, and a sister of Mrs. Howard Gould.

Today Mrs. Wong is busy preparing to enter one of Dr. Montessori's classes in the Palace of Education at the Exposition, where she intends learning the educational methods of the world-famous educator and receiving special instruction in imparting the system to others.

Ever since Mrs. Wong first confided to Dr. Montessori her ambitions to introduce the latter's educational methods in the Orient, the two have been in constant communication. The educator has been keenly interested in the ambitions of the San Francisco woman.

For years Mrs. Wong has been an active worker in behalf of the local Chinese. She has studied their ideals, their customs and thought, and has a deep realization of the benefits which she believes would be derived by the youth of China from the Montessori system that has persuaded Mrs. Wong to devote her time to that cause.

SOCIAL SET ECHOES WAR PLEA PLAN

First steps in a coast to coast campaign to "arouse the women of America to a full realization of the need of immediate preparedness for war" were taken yesterday in New York when the social set of which Mrs. William Alexander is president, formulated an appeal that is to go throughout the country. Among the plans described is the organization of a great national body to aid American forces in case of emergency.

On the New York committee are fifty-nine women. Many of them national figures on account of their wealth and social distinction who in every community will be assisted in launching their enterprises by prominent women. The society has gone so far as to prepare special kits for the army as well as for hospitals and for convalescents. In addition a list of sewing clubs to make garments required by fighting men is being compiled.

Not only will the members of the organization be expected to aid in this kind of work, but to "consider and act upon questions of preparedness." "If war is ever to come," reads the argument issued by the society, "the mere instinct of self-preservation directs that women should be prepared to defend American ideals of liberty, peace and honor."

Among the eastern women who are serving on the committee are: Mrs. John Jacob Astor, Mrs. George Jay Gould, Mrs. William Rockefeller, Mrs. Charles M. Oelrichs, Mrs. James Brown Potter, the Duchess de Chaulnes, Mrs. Elsie Dwyer, Mrs. Paul Morton, Mrs. P. Cooper Hewitt, Mrs. John A. Logan Jr., and Miss Louise Bell.

BELIEVES IN ORGANIZATION.
Indications are that local society women will take an active part in interesting the community in the movement, though there is criticism from a number as to the wisdom of such a course.

"Most decidedly I believe in the value of such a organization," stated Mrs. Victor Metcalf this morning when asked her attitude toward the special relief society's plan. "I believe it an excellent thing that women should work in this campaign of preparedness and I myself am willing to do as much as I can to open to be going out of town next week."

Another advocate of "preparedness" is Mrs. John Snook of Berkeley, who has been at the head of a group of Berkeley society matrons in their efforts to assist.

Prosperity in Sight, Predicts McCormick

PASADENA, Aug. 3.—Orris H. McCormick, president of the International Harvester Company, is here with Mrs. McCormick, a son and nephew for a visit to the California exposition. McCormick said business was getting on a solid basis and the prospects of prosperity for next year were propitious.

"The European war has caused a demand for manufactures which in turn created one for raw material and stimulates transportation," he said. "The outlook for next year's prosperity is bright."

WAR STUDY PLANNED FOR 'HI'

School Board Decides Military Course Is Proper

Stonehurst and Elmhurst Argue Over New Portable

Oakland High school will soon have a course in military training, under the direction of the state authorities.

The Oakland Vocational school, in the building of the old Manual Training and Commercial school, is to bar girls. Girls' classes will be housed in some other buildings.

Night schools for Japanese, under the supervision of Japanese teachers, will be established in the public schools, under the direction and by the maintenance of local Japanese societies or otherwise.

Options and proffers of sites are asked by the Board of Education before August 11 for a site for a school in Stonehurst, or South Elmhurst.

The case of Miss Alice V. Baxley, in which the fairness of a hearing given a principal by the old board is questioned, is in the hands of a special investigation committee of the school board, to report back next week.

These were the principal matters of business decided on by the Board of Education last night. The discussion and decision of these matters was in a committee session. The meeting was public, beginning at 8 o'clock, and behind locked doors from that time until midnight. The lobby was crowded to the doors with residents of Stonehurst and Elmhurst, as well as by Miss Baxley's friends.

A special secret session, when the board barred outsiders, lengthy discussions took place on the amount of work involved in the preparation of the budget, several changes in the teaching force were outlined, and the decision to remove the girls from the school was made. It will be finally passed Monday. Several spirited disputes took place. Superintendent Barker's voice being raised in protest and audible through the locked door frequently. The members of the board refused to discuss the dispute. Director J. D. Aker declared that to do so would not be fair to Barker. Other members stated that there was nothing serious in it.

BOTH ASK SCHOOLS.

The room was crowded during that part of the meeting that the board permitted taxpayers to be present by the representatives of clubs and property holders of the Stonehurst and Elmhurst districts. Each district, one north and the other south of the Southern Pacific and Western Pacific tracks, demanded that it get a portable school. The Stonehurst people based their claims on the fact that the few families in the Elmhurst people their claims on the greater number of children.

"We have working men down in South Elmhurst," said J. A. Halpriner, owner of a medicine factory in the Elmhurst district. "Women have children and rich people in Stonehurst don't have any. Rich people are too busy to have them. They live up high on the hills where they don't have them, and the working men down in the flats are the ones that have. Look at that man, pointing to one in the lobby he said: 'There's another with seven. There's another with ten. These are the people who have children!'"

"Kind of looks that way," remarked Chairman Cook, as laughter drowned out the speaker.

J. D. Aker made a plea for a Stonehurst site, stating that the children now must walk two miles to the nearest school. F. Van Sennep demanded the school in South Elmhurst.

"There are sixty trains passing on the Southern Pacific alone daily," he said, "and we don't want our children to cross the tracks. We have the most children in South Elmhurst."

This same contention was held by Dr.

Buffalo Express Runs Into Landslide; 1 Dead

PARKER'S LANDING, Pa., Aug. 3.—Running at high speed the Buffalo express on the Pennsylvania railroad ran into a landslide near here early today. Jesse Williams, engineer of Pittsburgh, was killed, and R. Geilrich, fireman of Pittsburgh, was seriously scalded. Three day coaches and a sleeper left the track, but remained upright.

MURDERER OF THREE DIES OF OWN WOUND

CHICAGO, Aug. 3.—John A. Jones, the Maywood garage proprietor who yesterday killed his wife, her brother John Cass, and her sister, Catherine Cosgrove, and later fired a bullet into his own head, died today.

The trouble is said to have grown out of Jones' infatuation for a 21-year-old girl. Jones was 41.

FLIERS SHELL STRASSBURG

TURKS MASSACRE 9000 ARMENIAN WOMEN AND BABES

ALLIES WIN GALLI POLI VICTORY

Warsaw Is Circled in a New Drive of Teutons

Wyszkow Marks Objective of Germans in Northeast

By Associated Press.

LONDON, Aug. 3, 1:50 p. m.—The crest of the ridge in the Gallipoli peninsula has been gained by British troops and the positions of the British in the Dardanelles has been improved, according to a statement given out today by the official press bureau.

By Associated Press.

LONDON, Aug. 3, 11:45 a. m.—The armies of Germany and Austria-Hungary are being held by the Russians to the west of Warsaw, but they are making progress elsewhere on the eastern front, according to the official statements emanating from Berlin and Vienna, their most determined attack evidently being that directed against Wyszkow, a town 35 miles northeast of Warsaw.

Pursuing their policy of cutting the communications of Grand Duke Nicholas, heavy German forces are attacking the railroad linking the main Warsaw-Petrograd line with Ostrojenka.

The latest dispatch direct from Warsaw, coming from a correspondent of the Associated Press and dated July 31, shows that conditions in the threatened Polish capital are much better than were indicated in the latest direct dispatches to the London newspapers which were sent July 29.

The latter information states that the people are returning to their homes and that the life of the capital is resuming a normal aspect, although the official establishments have made all preparations for the expected evacuation of the French and Belgian consulates being placed in the hands of the American consul.

In the west fighting again is in progress on the British section of the battle front and there has been a resumption of infantry activity with the French admitting that the Germans have captured some trenches in the Argonne and the Marie Therese districts, but claiming that counter attacks have won back a portion of the lost ground.

In the Vosges mountains, Paris (Continued on Page 2, Col. 1)

Four Notes Are Ready to Publish

WASHINGTON, Aug. 3.—Time for the publication of three notes from Great Britain and the one from Germany, all dealing with the commercial rights of neutral nations in war time, was being arranged today. The British notes probably will be given out late today for publication tomorrow morning and the German note Thursday morning.

The first British notes defend the orders in council; the second justifies the allies' efforts to cut off Germany's export trade and the third defends prize court proceedings. The German note counters the discussion over the sinking of the American ship William P. Frye and is said to justify Germany's course in sinking merchant ships provided she pays for them.

The United States shortly will reply to the British notes, but it is not known what course will be pursued regarding the German note.

"Salute Flag," Order to Los Angeles Police

LOS ANGELES, Aug. 3.—Orders to patrolmen to salute the flag every time it passes them on the streets while on duty, were issued today by Chief of Police C. E. Snively.

"A military salute takes but a second of time," the order states, "and does not detract from duty. It is a sign of respect appreciated by every one who witnesses the sign of loyalty. At the same time it will set an uplifting example to 'Young America.'"

METROPOLIS OF ALSACE IS HIT BY AEROPLANES

Conflict Along Belgian-French Line Is Renewed in a Deadly Battle

HEAVY FIRING AT YPRES

By Associated Press.

PARIS, Aug. 3, 2 p. m.—A flotilla of Anglo-French aeroplanes today flew over the German city of Strassburg and dropped twenty-five bombs, according to a dispatch from Geneva to the Havas Agency. The extent of the damage caused by the explosion of the missiles has not yet been ascertained. Strassburg is the capital of Alsace-Lorraine and lies eighty miles southeast of the German fortress of Metz.

AMSTERDAM, Aug. 3, via London, 12:54 p. m.—Heavy fighting is in progress on the British front near Ypres. According to telegrams from Courtrai, Belgium, the boom of great guns and mine explosions was audible there for hours, and it was quickly followed by a steady stream of wounded men from the vicinity of Hooge. Most of the casualties were the result of shrapnel wounds.

PETROGRAD, Aug. 2, via London, Aug. 3.—An official communication issued here tonight says that a British submarine has sunk a large German transport in the Baltic sea.

Butler's Champagne Thirst His Undoing

Joseph Freeman, butler for Rupert Whitehead, the bond broker of 311 Bonta avenue, Piedmont, pleaded guilty to having had an excessive thirst and to have gratified the same at the expense of E. J. Henderson, a real estate man, whose residence is near that of his employer. He pleaded guilty, incidentally, to a charge of petty larceny, and will be sentenced Wednesday morning.

Freeman, when the Hendersons closed their home on June 22 last, to go on a holiday to the country, conceived a thirst which could only be assuaged through the use of costly juice of the grape. He looked at the Hendersons' cellar and had an idea.

He telephoned to a downtown grocery firm with which the Hendersons traded and ordered copious quantities of champagne and other beverages at the sum of \$100. When these were delivered on the rear porch of the Henderson home he removed them to his own quarters, and took his time in consuming them.

McAdoo Looks Into Merchant Marine

CORVINE, N. H., Aug. 3.—Secretary of the Treasury McAdoo, who arrived here today with Mrs. McAdoo for their summer home at North Haven, Me., after a stay of eight hours with President Wilson at Harlowden House, Mr. McAdoo reiterated that he had discussed no important business with the President.

The secretary declared that he was devoting much time to studying the shipping question and that he confidently expected that it would be pushed by the administration during the next session of Congress.

"The Democratic party is pledged to provide an adequate merchant marine for the United States," Secretary McAdoo said.

He was also studying the question of systematizing the operation of the government finances and providing a budget system, and expected the subject to be an important one during the coming session of the Congress.

Hubby No. 1 Must Pay Alimony, Not No. 2

SAN FRANCISCO, Aug. 3.—That a much-divorced woman must first collect alimony from husband No. 1 before seeking to make husband No. 2 come through with a monthly paycheck, was the decision of Superior Judge Graham, this morning. The court modified the decree of Mary V. Jacobs from Sol Jacobs, bookkeeper in the sheriff's office, eliminating the \$30 a month. He declared that Mrs. Jacobs could not expect her spouse to pay her a stipend when she made no effort to collect the money to which she was still entitled from her first husband.

BODIES FILL TIGRIS RIVER

Porte Is Charged With Horrible New Atrocity

Political Prisoners Are Publicly Hanged at Stamboul

By Associated Press.

PARIS, Aug. 3.—B. Varazdate, a member of the committee of the Armenian-Social Democratic party, writing to L'Humanite, says the committee has received word that the Turks after massacring all the males of the population in the region of Baku, Turkish Armenia, assembled 9000 women and children and drove them to the banks of the Tigris, where they shot them and threw the bodies into the river.

These advices have not been substantiated from any other source. The Armenian population of Cilicia, in the Turkish vailayat of Adana, also has been subjected to persecution, according to the reports of the committee. More than 40,000 persons already are dead, and it is feared the Armenians at Moukka and Diarbekir, in Kurdistan, also have been massacred.

Drown Case Figure Suing for Divorce

Mrs. Marie A. Miller, "the other woman" in the Drown murder case a year ago, today commenced suit for divorce from Theodore M. Miller, a musical composer and actor, whom she says deserted her 56 days after their marriage in 1910.

Plaintiff asks \$75 per month alimony and the privilege of restoring her maiden name of Marie Marchessault.

It was Mrs. Miller whom Archer C. Drown was accused by his wife of paying attentions to shortly before Elizabeth Annis Drown shot and killed him in October, 1912, at their home in Rand avenue, Oakland.

After killing her husband Mrs. Drown went to the home of Mrs. Miller and snatched a revolver from her twice from behind. The revolver failed to discharge and Mrs. Drown fled from the house and went to San Francisco where she is alleged to have confessed to her husband's relatives that she had killed him.

The trial of Mrs. Drown took place in the Superior Court in March, 1914. She was acquitted by the jury after a short deliberation. Her defense was insanity.

Would Quit Her Third Husband

SAN FRANCISCO, Aug. 3.—After only two years and a half of wedded happiness Mrs. George V. Goldstone filed suit for divorce today against Attorney Louis Goldstone of this city. Mrs. Goldstone is the widow of the late John A. Benson of the famous Benson family.

She is also the divorced wife of William Gates, familiarly known as "Swift-water Bill."

She charges that Goldstone tantalized and insulted her and injured her pride and her feelings, telling her she looked old as compared to other women, mentioning the names of women older than herself as retaining the bloom of youth which she had lost. At times when he is alleged to have seized her and twisted her neck is quoted in the complaint.

Alameda Tract Sold by McDermott Estate

For a consideration of \$100,000 cash, property on Alameda Point, containing about four acres, was sold today by the heirs to the \$2,000,000 estate of the late Flora B. McDermott to a group of Italian truck cardenas, headed by Louis Braxzone. W. H. L. Hyman represented the purchasers. The land has been under cultivation for more than twenty-five years.

There is Great Comfort in ATHENA Underwear. We Are Sole Agents. All Styles.

981 DEAD; FINAL EASTLAND TOTAL

Federal and State Investigators Continue to Probe River Tragedy.

By Associated Press.

CHICAGO, Aug. 3.—Nine hundred and eighty-one persons lost their lives in the steamer Eastland disaster, according to final figures given out today by the Western Electric Co., which completed the checking of its employees and friends who boarded the vessel. The identified dead numbered 882, unidentified dead two. The Western Electric Co. placed the final list of missing at 141, making a total of 923.

Secretary Redfield today resumed his inquiry into the steamer Eastland disaster and avoided conflict with the federal courts by calling witnesses who have not been subpoenaed by the federal grand jury. The investigation being made by the federal and state grand juries continued throughout the day, a number of witnesses being examined by each body. State Attorney Hovey had requested the investigation of the state grand jury would be concluded either today or tomorrow and indicated that a number of indictments would be returned before the body finally adjourns. Edward C. Gillette of Washington, D. C., superintendent of naval construction of the lighthouse service of the department of commerce, was the first witness called today by Secretary Redfield. The witness said he had examined the wreck of the steamer Eastland and was of the opinion that the estimated load it carried at the time of the accident was not too great for the boat if the water ballast had been properly handled. The witness admitted that a water ballast vessel had been connected at her dock in Milwaukee in 1912. Gillette said the air ports on the Eastland were not more than 14 inches above the water line and that a small list would bring the gangways awash.

Gillette said that of the 114 vessels under his jurisdiction only three used water ballast. He said he would design all boats to be safe without the use of water ballast.

"Have you ever allowed a boat to pass your inspection for government service which depended on water ballast for stability?" asked Lieutenant Governor O'Hara.

"I never have," replied the witness.

GIN MAKES YOUNG WOMAN TELL YARNS

CHICAGO, Aug. 3.—Mary Doe, No. 34—opened her eyes in a county hospital ward yesterday. A nurse told her where she was, in response to her first question, and called in a waiting detective. "How did I come here?" demanded the young woman, rubbing her head. "You fainted in the Hotel Sherman lobby last night. Who are you?" said the detective. "Where do you live?" "I'm Dorothy Bell, I've been stopping at the Wellington hotel," she informed. "The Wellington," she was informed, "has been torn down."

"Dear me," said Dorothy Bell. "I mean the Breckinridge Hotel on the stage and I've been dancing in Chicago."

"They never have anything there but movies," the astute and omniscient detective reminded her. "I take pleasure in reminding you that I am a detective."

"What I meant was that I was on my way to fill an engagement in Benton Harbor, Mich. I drank a little gin, and it didn't agree with me, I guess."

Later in the day Dorothy Bell was discharged from the hospital and disappeared. By that time the detective had found out there was no Miss Bell registered at the Breckinridge. He was still pondering over his report at a late hour last night.

LAD BITTEN BY DOG

Earl Cruze, a school boy 3484 Harlan street, was bitten by a dog owned by George Armour, 3531 Peralta street, last night. The boy has been placed under the care of a physician.

COUNCIL PLAYS PING PONG WITH LETTER

Not Public Document, but Finds Place in Files

A communication filed by F. P. McDaniel was absent from the council and the city attorney's office, was filed with the city council today. Dr. P. S. Jackson, whose brother is assistant city attorney, objected to the letter being read, or to McDaniel being heard. The assistant city clerk, Frank McDaniel, put the letter in his pocket and it subsequently disappeared. Asked if he objected to the letter being made public, Dr. Jackson declared that despite the fact that it was filed with the city council and must become a portion of the minutes of that body, he did not consider it a public document.

The communication, which was withheld from the newspapers, is as follows:

Oakland August 3, 1915.
To the Honorable Mayor and Council of the City of Oakland.
Gentlemen:

Your attention is hereby called to a condition of affairs in the legal department of the City of Oakland which should be remedied.

The investigation being made by the federal and state grand juries continued throughout the day, a number of witnesses being examined by each body. State Attorney Hovey had requested the investigation of the state grand jury would be concluded either today or tomorrow and indicated that a number of indictments would be returned before the body finally adjourns.

Edward C. Gillette of Washington, D. C., superintendent of naval construction of the lighthouse service of the department of commerce, was the first witness called today by Secretary Redfield. The witness said he had examined the wreck of the steamer Eastland and was of the opinion that the estimated load it carried at the time of the accident was not too great for the boat if the water ballast had been properly handled.

Gillette said that of the 114 vessels under his jurisdiction only three used water ballast. He said he would design all boats to be safe without the use of water ballast.

"Have you ever allowed a boat to pass your inspection for government service which depended on water ballast for stability?" asked Lieutenant Governor O'Hara.

"I never have," replied the witness.

AMERICAS JOIN TO CALM MEXICO

Pan-Western Alliance Soon to Consider Carranza-Villa Row.

(Continued From Page 1)

Paso del Macho on the night of July 20, the Zapata troops were forced to retreat.

In another battle on July 23 on the outskirts of Cordoba, Carranza's forces were small.

Secretary Lansing announced representations had been made to General Villa against the occupation of property of Americans, foreign merchants and mining interests in Chihuahua. Villa has replied that there has been no confiscation and that property will be paid for.

DIPLOMATS INTERESTED. Announcement that the United States had asked the cooperation of Mexico and Central America in an effort to settle the Mexican question caused widespread interest today in official and diplomatic circles.

A conference on the subject will be held Thursday afternoon between Secretary Lansing and the diplomatic representatives of the six Latin-American nations.

It has been no expectation of any action by this government on the Mexican situation before President Wilson's return from Cornish, recent almost kaleidoscopic developments in Mexico, particularly in the City of Mexico, had prompted the administration to immediate steps.

Just what these steps will be and how far the joint action of what ever sort it may be between the United States and the Pan-American group will extend, were subjects of considerable speculation here today.

The conference is the direct result of the failure of the Mexican factional leaders to heed President Wilson's call for a statement urging them to compose their differences and restore peace in the southern republic.

Denies Deft to U.S. Attributed to Villa

EL PASO, Tex., Aug. 3.—George E. Strothers, special agent of the State Department, arrived here this morning from Chihuahua City, where General Villa had declared "if the United States does not like my actions it can go to hell."

"I was in a room adjoining the conference on Saturday," he added, "and I am positive that if General Villa had used that language I would have known it."

General Villa since Saturday had modified his order of confiscation. Carothers said, and now planned to station a representative of the Villa government in each store whose duty it was to see that profits did not exceed 15 per cent.

Carothers, Italy and Spain, Carothers said, had drawn up a list of questions upon the status of the stock in trade and private property of the nationals which General Villa had to answer.

Carothers declared he left Chihuahua City before the answer was received.

Edward Wissbrun of Santa Barbara and Paris, Chihuahua, stated that his general store business had been taken over by the Villa government. The questions relative to the protection of private property of foreign merchants in Chihuahua propounded to the Villa government by Carothers had been answered by Foreign Minister Lombardo, he said.

General Villa early was reported en route for Juarez.

More than 100 merchants who say they have been expelled from Chihuahua City by the edict of General Villa expected to arrive here today, and in dispatches forwarded from them protesting to the State Department at Washington, they declare the entire population of the district is starving, because of the confiscation of their stores by edicts of Villa.

They declare the rates of exchange fixed by Villa between his paper currency and gold has forced them out of business. This rate was decreed at 30 cents silver for one peso and at current prices of the paper money across the border it will buy goods at only two cents the dollar.

Reports received here assert there has been no corn in Chihuahua for two weeks and only one shipment of beans has been received in that time because of the withdrawal of merchants from business. Flour is at famine prices, it is said, and tramways and lighting plants have shut down because of lack of coal.

Villa is said to have summoned all mine owners to a conference on August 10 for the purpose of securing a loan of \$500,000, and in a statement received here he threatens to close all mining properties which are not represented.

LAWSON FILES APPEAL IN COLORADO COURT

By Associated Press. DENVER, Aug. 3.—An appeal to the Colorado supreme court was filed today by attorneys for John R. Lawson, former coal strike leader convicted of the murder of John Nimmo, a deputy sheriff.

This opening, declaring that the property owners had been offered payment for the land necessary to be taken and had refused this. The state commissioners recommended condemnation proceedings to take the property.

A communication was received from Smith Brothers asking permission to use the stationery watermarked with a picture of the city hall for the Tien Tsun post of the Veterans of Foreign Wars.

SPEAKS ABOUT KNOCKERS. "I think this will be all right," said Commissioner Anderson. "The post would pay for its own stationery. The only question is whether we would not be criticised by somebody who would get the impression that we were buying stationery for the members of the post. Some knocker out with a microscope would probably bring charges against us."

"Well, there would be nothing to the charges," said Commissioner Edwards. "There would be nothing to it," agreed Baucus. "But the matter is not of importance to these fellows. They would make the charges just the same. I move that the request is referred to the board."

This action was taken. A communication was received from the Elmhurst San and Improvement Club asking that an industrial zone be created between Elmhurst and Elmhurst and that the territory within this zone be exempted from taxation. The members of the improvement club took the view that this would encourage manufacturers to locate in the district. The communication was referred to Commissioner of Revenue and Finance Edwards.

A resolution was passed directing the city attorney to appear before the Civil Service Board, August 10, to defend the action of the council in dismissing Deputy City Clerk Frank Hus and Louis Zimmerman from the city service.

THRIFT CONGRESS TO CONVENE HERE

Easy Spenders Take Notice; Governor Johnson Issues Proclamation.

Are you a spendthrift? Do you want to be thrifty? Are you a poor financial manager? Would you like to be a disciple of the Conservation of Coin Society?

These and many other like problems will be discussed and threshed out by experts at the International Congress of Thrift, which will hold its fourth session in the Municipal Auditorium next Monday morning.

The congress will meet Monday, Tuesday, Wednesday and Thursday. The latter day will be spent at the Exposition.

Thursday is to be Thrift Day. This is to be a national affair, the governors of every state issuing proclamations making that day, officially Thrift Day. Mayor John L. Davis will be asked to issue a proclamation to the same effect with regard to this city. Governor Johnson has issued the following proclamation:

"August 12, the closing day of the International Congress for Thrift, which will convene in Oakland, August 12, has been set apart as 'Thrift Day' at the Panama-Pacific International Exposition. In response to requests from the Exposition management and from various bodies and individuals, I hereby designate Thursday, August 12, as 'Thrift Day.'"

"And I trust that the attention of the people of California will be so drawn to the propaganda of the congress as to give it the hearty encouragement it deserves."

S. W. Strauss, a wealthy banker of New York City, is president of the Thrift organization, which has as its chief object the spreading of the gospel of careful economic expenditures, and the dissemination of information and knowledge regarding the cutting down of the high cost of living.

The congress is an international affair. In addition to delegates from all parts of the United States and Canada, a number are expected from foreign countries.

DAY GRAVEL CAR SERVICE STOPPED

Mayor Davie Makes Order and Threatens "to Go to the Bat."

Mayor Davie issued an ultimatum to the officials of the San Francisco-Oakland Terminal railways this morning, when he announced that he would "go to bat" if the corporation did not cease running dirt and gravel cars during the hours of the day.

The traction officials have questioned the mayor's right to issue such instructions, declaring that their several franchises confer no power which permit them to operate these cars at any hour of the day or night. The mayor declares that he has taken the matter up with City Attorney Paul C. Mort and that he is sure of his ground. He did not explain what steps he would take, to enforce his order.

"This running of dirt and gravel cars over the car tracks through all parts of the city, at all hours of the day, is entirely unnecessary," he said this morning. "No other cities of any size in California permit such a thing. I don't intend to permit it here. These cars are unsightly, tying up and delaying traffic, and spreading dirt and gravel over our streets, adding to the inconveniences of the traveling public. They may just as well be run at night, or during the early morning hours."

Three Killed When Machine Leaps Bank

LIGONIER, Pa., Aug. 3.—Alexander Dempster, aged 79, a wealthy coal operator of Ligonier, his wife and daughter, Carl Williams, were killed when an automobile in which they were riding went over a 25-foot embankment four miles east of here today. James Dempster, a son, was probably fatally injured. Dempster died later of injuries while his wife and Williams were instantly killed.

N. E. A. ARRANGEMENTS FINALLY DISCUSSED

Final preparations for social affairs, hotel accommodations, routine business connected with the session, and all minor details of the National Educational Association session, were discussed last evening at the rooms of the Commercial Club when the educational and business men's committees of Oakland, planning the local arrangements, met with Durand W. Springer, secretary of the convention.

Springer declared that he was agreeably surprised with the progress made by the local committees, practically all details of the convention having been arranged and completed by the different sub-committees.

Plans for an information bureau, several sight-seeing tours, for literature and guide books for the teachers, and other incidentals, were outlined last night.

MT. WHITNEY POWER MERGER IS EFFECTED

TULARE, Aug. 3.—The Tulare County Power Company passed into history when the business of the local corporation was taken over by the Mt. Whitney Power & Electric Company. All electric power was cut out in Tulare within the lines of the Tulare company were connected to the local sub-station of the Mt. Whitney Co. President F. T. Billings and J. T. Crow, Tulare manager, remain the officers of the company until the deal is carried through. It is understood that the line-men and practically all other employees of the Tulare company will be retained by the Mt. Whitney company.

This sale of the Tulare County Power Company to the Mt. Whitney Company eliminates competition in Tulare and most of the surrounding country. The sale involved nearly \$500,000.

Serve "Expo Beer" for all occasions. Your Eastern friends will want it. Phone your dealer or Oakland 596.—Advertisement.

How Heat Affects the Vital Organs

Hot Weather Conduces to Chronic Constipation and Diarrhea

A disposition to confine one's diet to cold food and to indulge freely in iced drinks, is one reason why constipation and diarrhea is so prevalent in summer, and there is no season when bowel disturbances should be more carefully avoided, as much serious disease is directly traceable to these conditions.

To regulate the bowels and quickly relieve even an aggravated case of constipation, the combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is highly recommended by many physicians and all those who have used it. Unlike cathartics and violent purgatives, Dr. Caldwell's Syrup Pepsin acts gently on stomach, liver and bowels, without gripping or other discomfort, and brings relief in an easy, natural manner. Mild, pleasant to the taste, and inexpensive, it is the ideal family

laxative. By cleansing the bowel tract and eliminating the foreign matter and poisons that irritate and inflame, it will quickly check an attack of diarrhea and restore normal conditions.

Dr. Caldwell's Syrup Pepsin has been the standard remedy in countless homes for more than thirty years, and is sold in drug stores everywhere for fifty cents a bottle. A free trial can be obtained by writing to Dr. W. B. Caldwell, 453 Washington St., Monroeville, Ill.

CHARGES CONTRACTOR WITH EMBEZZLEMENT

Frank W. Rounthwaite, a contractor, 1550 Broadway, was held to answer by Judge Mortimer Smith today on a charge of felony embezzlement preferred by

Thomas Dowdell, 2761 Webster street, Berkeley. The evidence showed that while doing business with Dowdell, Rounthwaite had taken lumber delivered on a job which had been assigned to Dowdell's account, and had sawed up and had it removed to his own home, where he used it to build a fence. Bail was fixed in the sum of \$1000.

MISMATCHED PAIRS SUE FOR DIVORCE

**Wife Alleges Hubby Sent Her
Away in Order to Court
Another.**

That her husband had sent her away from their home in Sonoma county in order that he might be free to pay his attentions to another woman is the complaint of Mrs. Ellen Derbrow, who has commenced suit for divorce from Ross E. Irving. The couple have a home in Oakland. They were married here in 1904.

Helen Du Gan has sued Walter Du Gan for an annulment of their marriage alleging adultery and fraud.

Alleging that his wife had transferred her affections to one Bertram Adams, William D. Matheson today commenced suit for a divorce, reciting numerous alleged meetings between Adams and his wife in San Francisco.

Helen P. Irving wants a divorce from Frederick Irving, a department manager, because, she says, he has run away for a visit of two months and wrote her not to return. Irving lives in Berkeley.

LITERARY WORKS
OF JEWS, THEMEInteresting Discussions Are
Presented at Sessions of
Chautauqua.

SAN FRANCISCO, Aug. 3.—Delegates to the Fifth Western Assembly of the Jewish Chautauqua spent this morning in sight-seeing about the city and in the Exposition grounds, assembling at 2 o'clock this afternoon for one of the most interesting and absorbing sessions of the three-day convention. The program for the day was replete with timely discussion and address, and some of the most noted Jewish authorities talked on their favorite subjects.

The presiding officer for the afternoon was Rabbi M. N. Levy, and the subject was "Recent Literature of Jewish Interest." Various phases of the topic were taken up by the following speakers: "The Drama," Melville Marks; "Fiction," Byron Coleman; "Novel-Fiction," Milton D. Sapiro; "The Jew as a Character," Louis E. Newman; "The Jew as a Man," Louis E. Goodman.

"RELIGION TONIGHT." Tonight's program will follow the "Religion and Society" theme. The presiding officer will be Rabbi Abram Simon of Washington, D. C., and the opening prayer will be offered by Rabbi Edgar F. Mazza of Stockton. The speakers include Rabbi Elkanah Vigoder of New York, Bloomfield of Boston, Mrs. Ben Lowenstein of Cincinnati and Rabbi M. Harris of New York.

Rabbi Martin A. Meyer of Temple Emanuel, in which synagogue the convention is meeting, will summarize the work of the chautauqua. Yesterday, "The Jew and His Rank in English Literature" was discussed by Milton Marks, its place in French and German literature by Henry H. Hart and Mrs. Emil Pohl, while an address on "The Jew as an Author in Modern Literature" was delivered by Rabbi Edgar F. Mazza of Stockton.

At the evening session, Aaron Altman presided and a talk on Jewish heroes, philosophers, authors, and prophets was delivered by Rabbi M. H. Harris of New York City.

THIEVES SMASH WINDOW
AND STEAL WATCHES

Burglars broke a window in front of the Maxwell Hardware Company store at 481 Fourteenth street early this morning and stole three cheap watches from a show case. The men were seen by passers-by, who notified Patrolman Switzer. Switzer ran to the store, but the thieves had escaped. The watches remaining in the showcase were collected by the police and taken to the police station for safekeeping. Only a meager description of the burglars was obtained.

A thief reached in through an open window of the bedroom in the home of Mrs. H. A. Holcom, 203 Thirteenth street, last night, and stole a watch from the dresser. Nothing else was disturbed.

REGISTRATION FROM
MANY STATES REPORTED

Following are the latest registrars at the Tribune Booth:

Mrs. A. H. Holland, S. F.; R. Carmichael, Oakland; G. E. Hadden, Milton, Wis.; C. Worthington, Oakland; Wm. Owens, Emeryville, Cal.; J. A. Funtney and Mrs. Funtney, Chicago, Ill.; G. H. Gruber, Chicago, Ill.; W. H. Glaron, Alameda, Cal.; J. Nelson, S. F.; O. Eggen, S. F.; M. E. Hunt, Chicago, Ill.; J. Hunt, Davis, Cal.; Mrs. T. R. Quirk, Galetton, Pa.; John R. Carr, Corry, Pennsylvania; H. Quirk, Galetton, Pa.; Mrs. O. A. Gruber, Galetton, Pa.; Mrs. Chas. Craddock, Redding, Cal.; Cora Marshall, Wa. Keeney, Kansas; Anna K. Columbus, Ind.; J. E. Gruber, Galetton, Pa.; Frances V. Cole, Oakland; N. H. Hall, Oakland; G. H. Dewey, Healdsburg, Cal.; George W. Lyon, Pittsburg, Pa.

CHICAGO IS TO GET
RIPE OROVILLE PEACHES

OROVILLE, Aug. 3.—A number of local fruit growers are planning to make experimental shipment of ripe peaches to the East. The refrigeration service of the American Express Company will be utilized for the purpose.

The fruit will be consigned in charge of the marketing department of that company. Fruit can be laid down in Chicago within three days of its shipment from Oroville, and in view of the low prices for peaches this year, and the advantageous position in which Oroville is as far as transportation, the growers have determined to make experimental shipment to determine the possibilities that the market affords.

PERSONAL

Mrs. D. T. Curtis is spending a few days at the home of her mother, Mrs. D. T. Curtis, in Seattle for a few days. Mrs. Curtis is in Chicago as the guest of her cousin, Mrs. J. S. Spear.

Mrs. Blanche Lohsen is visiting her friend, Miss Marie Metz, in Sebastopol. Mrs. J. F. Edwards is accompanied by her son, Samuel Edmunds, and is in Lakeland.

Mrs. Grace Blake is spending a week with her sister, Mrs. A. E. Towler, at "Redwood Villa," near Boulder Creek. Mr. Henry Humberston is a guest of the Tuckers in Lincoln.

Mr. and Mrs. Dudley Dexter are registered at Fresno.

Mrs. J. W. Whitton is visiting relatives in Napa.

Mr. F. T. Burton is visiting with her mother, Mrs. Mary Bowman, in Napa.

Miss Evalda Edgman is in Napa on a visit to relatives.

Mrs. Lillian Killo is in Woodland for a short visit.

Mr. and Mrs. E. E. Renshaw are visiting Mr. and Mrs. Fribble in Raymond.

HUNDREDS OF WOMEN

nowadays are entering the professions or business world and go to work day after day in bad health, afflicted with some female ailment, dragging one foot wearily after the other, working with an eye on the clock, and wishing for closing time to come.

Women in this condition should take Lydia E. Pinkham's Vegetable Compound, made from roots and herbs. It has brought health and happiness to more women in America than any other remedy. Give it a trial.

NEWS OF SAN JOSE

What Busy Santa Clara Valley Is Doing

SICK WOMAN IS
NEARLY BURNEDEscapes Blaze That Destroys
Pioneer Santa Clara
Home.

SAN JOSE, Aug. 3.—The old country mansion of Miss Florence C. Ellis, built twenty-seven years ago by her father, the late Judge Ellis, and valued at \$10,000, was a total loss in a fire which started yesterday morning in the kitchen, probably from the explosion of a gasolene stove. The Ellis home was situated on the San Francisco road near Sunnyvale.

Miss Ellis, who was ill in bed, ran out of the house in her night clothes and later returned to her room to gather up her clothing and several valuable articles. She barely escaped from the house in time, as the staircase crumbled before the flames a few moments after she descended the flight.

Miss Ellis, who was visiting here, lit the gasolene stove about 10 o'clock and went upstairs to see what Miss Ellis, who was ill in bed, would have for breakfast. When she returned to the kitchen a few minutes later the room was in flames. The fire spread rapidly through the old manse, and nothing was saved.

The building carried \$7500 insurance, and the furniture, valued at \$5000, was insured for \$1500.

MISS BENDEGARD
CROSS-EXAMINEDDenies Ever Having J. S.
Myers' Watch or Ring and
Later Pawning Them.

"If Mr. Myers is going to make any trouble about that ring he is welcome to it," quietly exclaimed Miss Agnes Bendegard from the witness stand this morning as she withdrew from her finger for inspection, a small diamond ring which attorneys for Joseph S. Myers, on trial for kidnaping her 5-year-old son had questioned her about.

Under cross-examination by Attorney A. L. Frick, the witness was asked if she had not taken from Myers his watch and chain and a large diamond ring which had been later pawned for \$275.

Miss Bendegard denied that she had ever taken the watch or the ring. She said that Myers had taken her ring once, but she had given it back to him, laughing.

"I went to him one day and told him that I wanted to wear it and he gave it back to me, laughing," she said.

Evidently seeking to show that the complaining witness had known at the time of her relations with Myers that he was a wife, Miss Bendegard was asked if she had not asked R. C. Papworth, an employee of Myers, regarding Mrs. Myers' several occasions.

Subpoenas that were in the hands of the police to the appearance of Mrs. Florence Baxter of 1729 Thirty-eighth avenue and for Miss Pauline Strausberg, a nurse, were returned unserved today.

It was stated that one of the parties wanted had gone to Utah and the other to Montana. Miss Bendegard charges that they were paid to leave the state by Myers to prevent their appearance in his trial.

The testimony given by the two missing witnesses in police court was read into the records by Assistant District Attorney James M. Koford after Miss Bendegard had completed her testimony.

NON-PARTISAN BILL'S
OPPONENTS GROWING

SACRAMENTO, Aug. 3.—Opponents to the no-partisanship bill took on new life yesterday when Los Angeles county filed one referendum petition bearing 7806 names, with a promise that before the close of the week another petition would be filed with approximately 10,000 signatures. The total number of names to the petitions from Los Angeles county which have already been reported to Secretary of State Frank C. Jordan is 23,330, or 163 names more than one-half the number required to secure the referendum petition a place on the October special election ballot.

The referendum petitions by counties and registrations filed yesterday are as follows:

County	Referendum Registration	Non-Partisanship Total
Yolo	14,923	49,712
Yuba	434	25,133
San Bernardino	77	8,894
San Luis Obispo	69	1,766
Merced	781	1,766
Humboldt	7806	312,455
Los Angeles	7,806	14,730
Stanislaus	20	56
Santa Barbara	56	
Totals	23,330

NOTE THREATENS LIFE
OF PRESIDENT WILSON

CLEVELAND, Aug. 3.—Warnings of a plot threatening the life of President Wilson, the destruction of the White House, the destruction of two manufacturing plants in Cleveland are contained in a mysterious letter received by the Leader.

Victorious language describes the secret hatching of a conspiracy by two brothers, presumably living in this city, who indicate their desperate determination to take up the terrible work begun by the man who dynamited the Capitol and attempt to kill J. P. Morgan and blow up ocean liners recently.

One of the brothers has been detailed to destroy the plant of the Cleveland Automatic Machine Company of "Cotton Bomb" fame and "the hydraulic company." The other either has gone or is about to go to Washington, according to the message, to watch for a favorable opportunity to slay the President.

TWO THOUSAND GUN
MAKERS STILL OUT

By Associated Press.
UTICA, N. Y., Aug. 3.—Settlement of the difficulties of the 2000 piece workers employed by the Remington Arms and Ammunition Company, at its Utica plant, the left hand business yesterday, under an agreement, is reaching over differences about wages, probably will depend upon the outcome of a meeting expected to be held late today between C. C. Tyler, general manager of the plant and a committee representing the strikers.

PLAN MEETING TO
GAIN BUSINESSSan Jose to See New Move
Toward Big Co-operative
Project.

SAN JOSE, Aug. 3.—A mass meeting will be held in the Chamber of Commerce building tonight for the purpose of placing the commercial, business and civic interests of San Jose and the entire valley on a broader basis by means of mutual co-operation. The various organizations of the city will consolidate to work for its advancement.

The idea was suggested by George Fontaine, a member of the Chamber of Commerce, who will outline his plan at tonight's meeting. It is Van Ness' plan of the city development board of San Francisco will also speak.

WINES TAKE MEDALS AT
EXPOSITION EXHIBITS

SAN JOSE, Aug. 3.—That Santa Clara county, California, has won three grand prizes, four medals of honor and a gold medal for its products at the San Francisco Exposition, according to an announcement of E. R. Everett of the Santa Clara county commission.

Honors are evenly divided between Paul Masson, the Schilling vineyard and E. R. Lint of Los Gatos. The Mount Hamilton vineyard received a gold medal for its cabernet. Paul Masson was awarded a grand prize of champagne for his Cell de Pedra brand, a medal of honor for his white champagne and an award of honor for his sparkling burgundy. The Schilling vineyard received a grand prize for its Omas Aquila wine and medals of honor for its Chateau, La Perla, and its grape brandy, a Poema.

HEIR TO MILLION IS
ACCIDENTALLY KILLED

SAN JOSE, Aug. 3.—Eulice W. Hihn, son of Mr. and Mrs. W. Hihn of this city, who was accidentally shot last Wednesday while deer hunting near Goshute, died shortly after midnight yesterday morning.

His 30-year-old mother, Knights Templar member of the Order of the Eastern Star, Y. M. C. A., and was president of the Hihn Investment Company. The funeral will be held at 10 o'clock at the body will be shipped to Oakland for cremation.

Hihn was about to come into a fortune of a million dollars, left by his grandfather, F. A. Hihn, and had a great future in life. He was a strong, robust man, and enjoyed sports, hunting, and golfing. He was a devoted son and a loving brother. He leaves a widow and two children, Wilhelm and Jack.

HUNTER, ARMED WITH
SHOTGUN, BAGS DEER

SAN JOSE, Aug. 3.—Nortien Hansen of Aptos celebrated the opening of the deer season here Sunday by killing a big buck for his products at the San Francisco Exposition, according to an announcement of E. R. Everett of the Santa Clara county commission.

Hansen was out shooting rabbits when he "jumped" the deer accidentally, shot at the animal, both reaching their mark.

J. E. Stephens and L. Stockmeyer killed three bucks within two hours Sunday morning near Madrone. Deer are reported to be plentiful in the Santa Clara county hills this year.

SUITCASE STOLEN

SAN JOSE, Aug. 3.—A black and white suitcase filled with valuable personal property, including a watch, a ring, a diamond necklace, and a gold chain, was stolen from the Southern Pacific station here last night while he stepped into a telephone booth for a few moments. When he returned the suitcase was gone. He notified the police.

JOHN V. OPPEL NAMED
HEAD OF REDMEN

SAN FRANCISCO, Aug. 3.—John V. Opele was selected grand chief of the Independent Order of Red Men yesterday. The session of the Grand Lodge was presided over by Grand Chief Joe Bentele.

The general committee now includes the following: E. Schuch, J. R. Hahn, F. Ebel, J. Woll and A. Lindertield. Mr. Mueller, Martin Fuetscher and Henry Grisel make up the new press committee.

San Francisco was named for the 1915 convention. The new officers, other than the other chief, are:

First vice-president, J. W. Helmer; second vice-president, J. W. Schaefer; chaplain, Joseph Bentele; secretary, Martin Fuetscher; treasurer, F. R. Schwarz; trustees, R. Mueller, Henry Grisel and J. E. Opele; marshal, J. Rademacher; herald, A. Lindertield; grieter, M. Fuetscher; waltzmaster, H. Robeck; waltzmaster, H. Moler; grenzwachter, C. Tiedt.

CUTS THROAT OF MAN
WHO ARGUED WITH HIM

SAN FRANCISCO, Aug. 3.—Harry W. Chipman is dying at the Harbor Emergency Hospital as a result of being attacked at Broadway and Kearny streets this morning. The police have arrested Thomas Reuro, a Mexican, whom they say cut Chipman with a razor. Chipman and Reuro became engaged in an argument. Bystanders saw Reuro draw a razor and deal Chipman a blow in the throat with it.

SUNDAY KEEPING
SATAN DODGINGEvangelist in Spar Round
Three With Prince of
Darkness.

SAN FRANCISCO, Aug. 3.—Round three, Ed's Sunday versus Prince Satan, will be staged at the Van Ness avenue tabernacle tonight, before a crowded house. The two champions will square off for the series of seven sabbath fights at 8 o'clock and the starting contest will continue for an hour or more.

Sunday declares he is having a tremendous time in dodging Satan in San Francisco, but insists he is not discouraged and will stay with the fight. The devil, he says, is very much in evidence here, inasmuch as the city is on its way to hell and breaking all speed limits in its eager desire to reach its destination. It is his belief that if the Evil One can be thwarted by him, the city will change the direction of its heading.

As usual, hundreds of people had to be turned away from the tabernacle last night. Long before 8 o'clock had chimed out from the towers of a neighboring church, the vast hall was filled even to standing room, and the police had to take charge to prevent those on the outside from crushing in. Sunday was enthusiastic when he took the platform and his eyes swept over the crowd. Here he was to open with an opening with his very Christ.

"If Christ came to San Francisco the greatest crowd in the world would greet Him. Curiosity, never."

"You wouldn't have to go outside of the city limits, either, to find someone—and many of 'em—who would be willing and eager to crucify Monday."

"Where do you think you would find Him if he was here?"

"Out on a ballroom floor, locked in the arms of a woman or a girl who did not have enough clothes on her entire person to make a tail for a kite or a pad for a crutch."

"Or down at a highbrow blowout with women sitting at the table dressed in such a way that if you wanted to see if they had anything on at all you would have to look under the table."

"Where would you want Him to find you?" he moved the stage dramatically at the audience, and his feet stamping energetically. "Down in some booze joint, hitting it up with the gang and with a load on that would sink a battleship?"

"Would you make any change in your dates? Would you telephone her that you wouldn't be around tomorrow night because Jesus was in town? Would you tear up certain letters, pay some of your debts, deed back some of the property which you have stolen? Would you tell the brewery wagon it needn't call tomorrow?"

"You needn't worry about what you would do if He would come, for He is here now. He has always been here and always will be here."

"Therefore you had best do now all of the things you would do if He came here in the person as He is now here in the spirit."

SUNDAY KEEPING
SATAN DODGINGEvangelist in Spar Round
Three With Prince of
Darkness.

SAN FRANCISCO, Aug. 3.—Round three, Ed's Sunday versus Prince Satan, will be staged at the Van Ness avenue tabernacle tonight, before a crowded house. The two champions will square off for the series of seven sabbath fights at 8 o'clock and the starting contest will continue for an hour or more.

Sunday declares he is having a tremendous time in dodging Satan in San Francisco, but insists he is not discouraged and will stay with the fight. The devil, he says, is very much in evidence here, inasmuch as the city is on its way to hell and breaking all speed limits in its eager desire to reach its destination. It is his belief that if the Evil One can be thwarted by him, the city will change the direction of its heading.

As usual, hundreds of people had to be turned away from the tabernacle last night. Long before 8 o'clock had chimed out from the towers of a neighboring church, the vast hall was filled even to standing room, and the police had to take charge to prevent those on the outside from crushing in. Sunday was enthusiastic when he took the platform and his eyes swept over the crowd. Here he was to open with an opening with his very Christ.

"If Christ came to San Francisco the greatest crowd in the world would greet Him. Curiosity, never."

"You wouldn't have to go outside of the city limits, either, to find someone—and many of 'em—who would be willing and eager to crucify Monday."

"Where do you think you would find Him if he was here?"

"Out on a ballroom floor, locked in the arms of a woman or a girl who did not have enough clothes on her entire person to make a tail for a kite or a pad for a crutch."

"Or down at a highbrow blowout with women sitting at the table dressed in such a way that if you wanted to see if they had anything on at all you would have to look under the table."

"Where would you want Him to find you?" he moved the stage dramatically at the audience, and his feet stamping energetically. "Down in some booze joint, hitting it up with the gang and with a load on that would sink a battleship?"

"Would you make any change in your dates? Would you telephone her that you wouldn't be around tomorrow night because Jesus was in town? Would you tear up certain letters, pay some of your debts, deed back some of the property which you have stolen? Would you tell the brewery wagon it needn't call tomorrow?"

"You needn't worry about what you would do if He would come, for He is here now. He has always been here and always will be here."

"Therefore you had best do now all of the things you would do if He came here in the person as He is now here in the spirit."

After this preliminary sparring Sunday began his sermon on what Christ would do if He would do it. He should come to San Francisco in the body. Later on he prayed impartially for everyone in San Francisco, from the mayor down to the newsboys.

"God bless the bartenders, the saloon keepers and the distillers," he included, adding the saving clause, "but don't bless the distillers."

MOVIE MAN ARRESTED
FOR MANICURING LION

PASADENA, Aug. 3.—Charles H. Kelley started a furious tiger in this fact he never quelled. He did not gaze into the glaring eyes long enough to hypnotize the beast, for he had gone clear to Universal and come to the Pasadena Hotel, animal trainer, had cut the claws of the jungle cat so close that the bare flesh showed.

Mr. Kelley avers that the charge proved to be unfounded. He would do it for himself. He admits that the animal was behind stout bars, so friends of the Pasadena man are willing to take his word for it. The tiger in question said to be one of the most dangerous beasts in captivity, and his nails were manicured to make him less of a menace to the movie actors.

As a result of his investigations, Mr. Kelley swore to a complaint against Paul Bourgeois, the trainer, charging him with cruelty to animals. The young man appeared in justice court and entered a plea of not guilty. His trial was set for Wednesday.

DIAMOND VICTIM TELLS
POLICE SEVERAL STORIES

Numerous discrepancies which the police say they have found in the accounts given by Alfred H. Steves as to his being robbed Saturday night of diamond earrings, valued at \$1000, have led to the belief that if the robbery was a hoax, or a frame-up or pure fiction, the details of what happened are nevertheless so hazy in the mind of Steves that it will be impossible to use his story to find a clue to the mystery. Four different accounts have been given, according to Chief Petersen, as to where Steves originally obtained the diamonds, three accounts as to what happened at the time of the robbery, none of them according with the story told by the chauffeur, Albert Nelson.

TEUTON-AMERICANS
NEUTRAL, IS CLAIM"Most Americanized of All the
Neutral Americans," Says
Alliance President.

SAN FRANCISCO, Aug. 3.—A torchlight parade, to wind through the streets of San Francisco, is planned for tonight as one of the striking features of the great German-American National Alliance meetings now being held at the German House, where loyal Teutons from all parts of the nation are gathering to celebrate. Preparations are in the meantime being hastened for the celebration of German day, Thursday, at the Panama-Pacific Exposition.

"The time will come when every American," said Dr. C. J. Hexamer, president of the Alliance, "will realize that the German-American is the most Americanized of all neutral American citizens. They will then prize us as fellow citizens, as we are now being condemned by a small minority."

The Alliance is an organization containing representatives of 10,000 German-speaking citizens in this country.

Adolph Timm, secretary of the Alliance, read his annual report yesterday. He spoke of the progress of the prohibition movement and said that a strong petition to Congress in agitation of liberal views was being submitted and the convention was adjourned until this morning.

A banquet was given last night in German House to all the visiting delegates. Among the speakers were Dr.

Hexamer, Dr. Leo Stern, Prof. Emil Meyer, Congressman Kahn, Albert Curran, Dr. Hugo K. Schilling, Dr. Phil Appelmann, Max Schmidt, Max Socha and Edward Rauber.

Palestine Fruit
Men Facing Ruin

PHILADELPHIA, Aug. 3.—Fruit growers of Palestine stand to lose \$30,000,000 because of the European war, according to a letter received here from George Klat, general commissioner of commerce, with headquarters at Jaffa, and made public today. The letter says trees are dying for want of watering and for want of people to spray them. The region has been visited by locusts and vegetation is ruined. The loss at Jaffa and its vicinity alone is estimated at \$10,000,000.

"The Ottoman government seized every bit of petroleum we had on hand. This was a heavy blow to us," the letter says. "Most of the men have been drafted into the Turkish fighting ranks and the women have worked heroically to save the crops."

EXTINGUISHES LIGHT;
"PEEPING TOM" FLEES

Mrs. H. H. Henderson, 1834 Thirtieth avenue, heard a noise at her window late last night. She extinguished the light and looked out. A man was standing just outside gazing into the room through the window. When he realized that he was observed he ran away. The police investigated and found that no attempt had been made to force open the window. They believe that Mrs. Henderson was disturbed by a "peeping tom." The place will be watched by the officers.

Hexamer, Dr. Leo Stern, Prof. Emil Meyer, Congressman Kahn, Albert Curran, Dr. Hugo K. Schilling, Dr. Phil Appelmann, Max Schmidt, Max Socha and Edward Rauber.

Best News in the Paper
because it tells you of savings

Some items in brief from our low-priced Basement Store, all of which possess REAL VALUE and which mean a saving to you since the greater part of this information is of merchandise below usual prices.

WE NEED ASSISTANCE IN MEXICO?

Ident Wilson's decision to have the countries of
 Mexico participate in some extent in the peace
 of Mexico is an academic rather than a practical
 ward the solution of a very embarrassing prob-
 lem. There is something to be said in favor of the
 plan, insofar as a formal consultation with
 the American diplomats is concerned. The effect
 good, because it will tend to remove from the
 of the more ignorant people in the countries
 of us the suspicion that the United States is
 to enter Mexico for selfish reasons. It is per-
 well known by intelligent persons and by gov-
 ernment officials throughout South America that this
 does not seek to acquire Mexican territory.
 people of the United States do not wish to add
 million ignorant Mexicans to their population.
 do we care to govern a country so large, so
 civilized and so poor as Mexico as a colonial
 nation.

At least real work is to be done in the way of
 order in Mexico and in giving reasonable se-
 curity and property there, will have to be done by
 the United States. This is perfectly well understood by
 who have real knowledge of the situation. As a
 of fact South American governments do not
 have anything actively to do with the Mexican
 problem. They like to be consulted, but they very
 prefer to have us pull the chestnuts out of the
 fire. They recognize the fact that Mexico, under pre-
 sident Wilson, is peculiarly a problem for us to deal
 with. The Argentine Republic, for example, or Chile,
 has no immediate interests whatsoever in Mex-
 ico. These countries are removed from its difficulties,
 and tragedies by thousands of miles and they
 nothing in common with it save the fact that
 the language is spoken in all of these countries and
 the white people in them are descended from
 the same ancestors.

It is perfectly proper to give assurances to South
 America in order to allay any suspicion even in the
 of the most obtuse and ignorant of its citizens
 to expect to overrun Central America and ulti-
 mately to dominate the whole continent in a political
 sense. It seems that we are called upon very frequently
 to give assurances, but as it costs nothing to give
 except a slight blow to our self-respect, and is
 interests of international good feeling, we ought
 to continue to protest our innocence of any sinister
 designs.

 mately to dominate the whole continent in a political
 sense. It seems that we are called upon very frequently
 to give assurances, but as it costs nothing to give
 except a slight blow to our self-respect, and is
 interests of international good feeling, we ought
 to continue to protest our innocence of any sinister
 designs.

It is perfectly proper to give assurances to South
 America in order to allay any suspicion even in the
 of the most obtuse and ignorant of its citizens
 to expect to overrun Central America and ulti-
 mately to dominate the whole continent in a political
 sense. It seems that we are called upon very frequently
 to give assurances, but as it costs nothing to give
 except a slight blow to our self-respect, and is
 interests of international good feeling, we ought
 to continue to protest our innocence of any sinister
 designs.

city. It is simply a case of giving dishonest officials
 an opportunity to fill their pockets. The condition which
 now obtains is only temporary. The bankers' associa-
 tion have guaranteed that the city securities are strong
 and there need be no fear of loss to the holders of them.
 The big, valuable lesson to be learned by the people
 of every American city is that of eternal watchfulness.
 The phrase "strict accountability" is of happy applica-
 tion in the case of city officials. If the people will dis-
 play enough public spirit to require efficiency and results
 in the expenditures of public money it will be impos-
 sible for any administration to practice corruption, mis-
 appropriation and misapplication for a very long period.

SENATOR PHELAN'S REPORT.

The report of Senator Phelan of California on the
 conduct of James L. Sullivan, the American Minister
 to Santo Domingo, has been published. The Washing-
 ton correspondent of the New York Sun lays emphasis
 on the fact that Senator Phelan's report is in effect a
 sharp and well-merited criticism of the administration.
 As a result of the Phelan report, Minister Sullivan has
 resigned. The most notable feature of this report is
 that it inferentially rebukes President Wilson for hav-
 ing nominated Sullivan to a diplomatic post. The fact
 that Phelan himself is a Democrat, says the Sun's
 correspondent, "and was named by the President to
 conduct the investigation, makes this phase of the re-
 port all the more interesting." According to Senator
 Phelan, "his training, education and experience should
 have made it impossible for Mr. Sullivan to meet the
 special requirements of the post of United States Min-
 ister to Santo Domingo."

As Senator Phelan points out this post is one of im-
 portance, in view of the fact that we have
 special and delicate relations with Santo Domingo. The
 United States, since 1906, has exercised a financial con-
 trol over Santo Domingo, which is in effect a political
 control to a considerable extent. The American Min-
 ister has to be a man of wisdom, patience and tact, be-
 cause he is a political adviser to the Santo Domingo
 government and upon his skill and diplomacy hangs the
 question of peace or disorder. Senator Phelan finds
 that on the basis of what is known of Sullivan's career,
 it is now clearly apparent that he did not possess the
 qualities required.

The Tribune has discussed this case upon several oc-
 casions and we once more direct attention to the fact
 that at the time Sullivan was nominated to the post of
 Minister to Santo Domingo all his defects and weak-
 nesses of character were laid before the President, who
 stubbornly refused to be turned from his determination
 to appoint him to a post for which it was apparent to
 every one he was pre-eminently unfit.

To make room for Sullivan, Mr. W. W. Russell, a
 Democrat who had been in the diplomatic service for
 twenty years, was summarily dismissed from office. Mr.
 Russell was extremely well-fitted for the post which he
 occupied and has been one of our most successful diplo-
 mats in dealing with Latin-Americans. The Sun cor-
 respondent in commenting upon the Sullivan case says:
 "The appointment of Sullivan was generally regarded
 as one of the worst examples of the manner in which
 the Wilson administration was turning out experienced
 men to make room for political workers. William J.
 Bryan often has been blamed for the Sullivan appoint-
 ment. But now it should be said that he had nothing
 to do with the selection of Sullivan. The initiative and
 the influence which landed Sullivan in the diplomatic
 service came from the White House and he was pro-
 tected by the same influence until the Vick charges
 against him forced an investigation."

It is rumored from Washington that Mr. Russell will
 in the course of a month or two be reappointed Minister
 to Santo Domingo. If the administration sends Mr.
 Russell back to the post from which he was so rudely
 and unfortunately removed, it will show a commendable
 disposition to make the best of a stupid blunder and to
 repair an injustice to a valuable public servant.

The sixth of Mr. Faulkner's articles is devoted to
 the Municipal Auditorium and appears on the second
 title page of today's Tribune. It shows that after a
 period of disappointment because a first estimate was
 only half sufficient to build what the people wanted an
 auditorium equal to the best in the United States has
 been constructed for the sum of \$1,000,000. The cost
 of maintaining the auditorium will not be a very heavy
 burden, so we may say that the taxpayer is practically
 through with it, except that he may now go and use it.
 It is a building any city may be proud of and is one
 which Oakland is doing its great benefit during the
 present year, and it doubtless will continue to so use
 it in the years to come.

The San Leandro cannon mounted in its triangular
 piazza always did have a threatening look. Now that
 it may be put to threatening use, viz, that of frighten-
 ing with salvos numerous hoboos from the neighbor-
 hood, one feels that at last it is coming into its own.
 It is a terrible instrument and proper appreciation of
 it by the public had to come sooner or later. There is
 just one danger in the whole business. Firing it this
 year may shake down next year's cherry crop.

Would it not be strange if the humble motorboat,
 developed to high speed and power, proved master of
 the deadly submarine at its worst? The test will be
 applied by the allies with motor speed boats now build-
 ing in Canada, which, with five hundred horsepower,
 will be able to make fifty miles an hour and will be
 large enough to carry a couple of guns. The nations
 of the world, including the Germans, will watch the
 effect of this new war weapon with interest.

With its poundmaster somewhat proudly pointing to
 one hundred and fifty killed goats last year, with other
 animals not so numerous, including seven goats, one
 mayhap, can rightly suspect the pretty town of Martinez
 of dislike for the canine which amounts almost to hatred.
 Surely Martinez and the dog can never have been prop-
 erly introduced when it treats the friend of man so
 harshly and strangely. And the poor goats, whose were
 the goats, anyway?

Dear old Mount Lassen is about to take a little rest.
 Geologists tell us that it will not be in eruption again till
 spring. While such an important loss to California
 scenery is to be deeply regretted, nevertheless, we must
 realize that Mount Lassen has entertained us royally this
 Exposition year and that it is entirely deserving of vaca-
 tion for so long a period as it may choose.

If, according to the request of the International Gen-
 ealogical Congress, the United States government should
 establish a bureau of vital statistics to enable people to
 trace their ancestors as far back as they care to go, it
 is more than probable we would see, as a result, many
 of our most in-the-swim families brushed aside by the
 poor Indian.

The tree publicity given to mollycoddles and prize-
 fighters is one of the faults of our national life. The
 public is so sensitive to publicity that it heaps riches
 upon the mollycoddles and prizefighters in consequence,
 which is all that any mollycoddle or prizefighter wants.

THE FORUM

The Editor of the Tribune declines responsi-
 bility for the contents of the Forum. The Editor
 of the Tribune declines responsibility for the contents
 of the Forum. The Editor of the Tribune declines
 responsibility for the contents of the Forum.

WHY?

Editor Tribune: As a taxpayer, read-
 ing about the overtaxation of our County Infirmary by the
 rush of indigent "tourists," I started out
 on a quiet investigation among the in-
 mates as a visitor and found out to my
 own satisfaction, for the benefit of all
 taxpayers in general, that our infirmary
 is a noted one for its generosity in good
 "feats" and good, clean, warm beds.

Now, why should we taxpayers be
 made to support the majority of those
 indigents at present reading there, that
 belong to other cities and other states?
 Beyond them to those cities and states
 where they belong, many of them having
 relatives fully able to support them. I
 gained this information from the indi-
 gents themselves.

Why should other cities and states be
 allowed to reap the benefits of our
 county in supporting their poor? Why
 should we be made "suckers" in succor-
 ing these indigents? If our money is
 to go into taxes then let us benefit by it
 by adding it to make our city more beau-
 tiful than by allowing it to fill the stom-
 achs of indigents from other states and
 cities, allowing the same to sit back and
 have the laugh on us.

I believe in being charitable and also
 believe in charity where it belongs—at
 home.

Sit up and take notice, fellow taxpay-
 ers. Don't let them pull the wool over
 your eyes altogether. Thanking The
 Tribune for space, I am, respectfully,
 A WOMAN TAXPAYER.

Oakland, July 29, 1915.

A WORD OF APPRECIATION.
 Editor Tribune: I wish to express to
 you my very great appreciation of the
 course of Travelogues you have made
 possible to the people of Oakland. In
 thirteen years' residence in this city I
 have never enjoyed anything more. It
 is a most generous and gracious thing
 which you have done. The Tribune has
 done what the Rotary Club, Civic Asso-
 ciation, 1915 Chorus, etc., have talked
 about—given the people entertainment at
 popular prices—which, as times are, must
 not be more than 25 cents if several
 members of a family are to be consid-
 ered.

Do you think it would be possible to
 get the Messiah, with Elstedt quartet,
 at same rate?

A SUBSCRIBER FOR ELEVEN YEARS.
 Oakland, Aug. 2, 1915.

NOTABLE PERSONS.

Hudson Maxim, the inventor, and Mat-
 thew B. Sellers, editor of an aeronautical
 publication, have been selected by the
 Aeronautical Society of America to rep-
 resent that organization on the navy ad-
 visory board, of which Thomas A. Edison
 is chairman.

Funeral services were held today for
 Colonel C. D. Brackett, who for the past
 sixteen years had been chief pomologist
 of the Department of Agriculture. He
 died yesterday after a brief illness in his
 89th year.

Colonel Brackett was a former presi-
 dent of the American Pomological So-
 ciety and an authority on fruit.

Secretary of the Treasury and Mrs. Mc-
 Adoo are at Harbaken House, Wind-
 sor, for a brief visit, making the trip from
 Boston by automobile.

Un-credited by letter or telegram, Gov-
 ernor John B. Kendrick of Wyoming is
 at the San Diego Exposition.

Arthur E. Bestor of Chicago and Chau-
 tauqua, was elected president of the
 Chautauqua Institution at a meeting of
 the trustees yesterday. Bestor succeeds
 Dr. George E. E. Vincent, president of the
 University of Minnesota.

Charles F. Lummis, scientist, historian,
 naturalist and former city librarian of
 Los Angeles, is a knight. Mr. Lummis
 yesterday received notification from King
 Alfonso XIII of Spain that he had been
 decorated with the Order of the King
 Commander, Royal Order of Isabella the
 Catholic.

TWENTY YEARS AGO TODAY

Mrs. Earl Webb gave a charming mat-
 inee tea at her pretty residence on Vir-
 ginia street in Berkeley. The event was
 in honor of her friend Mrs. Brown of Ariz-
 ona and was a very enjoyable one. The
 afternoon passed in conversation, and
 musical selections were interspersed. The
 refreshments were of the daintiest. The
 ladies present were Mrs. Webb Sr., Mrs.
 Brown, Miss Margaret Culver, Mrs. G.
 Morton, Robertson, Mrs. F. M. Wilson,
 Mrs. James M. Pierce and Mrs. Earl
 Webb.

Street Superintendent Miller has sent
 a communication to the Board of Public
 Works which shows a heretofore strange
 neglect of the city in regulating the
 street repairs and keeping up the streets
 between the car tracks. The ordinance
 now in force provided that the street car
 companies shall keep that portion of the
 street which lies between the car tracks
 in such a state of repair as to offer the
 least possible resistance to the passing
 vehicles.

The home of Mr. and Mrs. G. W. Ben-
 nett was the scene of a pleasant surprise
 party. Mr. and Mrs. Mettinger, the
 parents of Mrs. Bennett, had reached the
 fortieth anniversary of their wedding and
 a large number of their friends had
 arranged a most agreeable surprise. An
 impromptu program was well rendered.
 Among those present were, Mr. and Mrs.
 Mettinger, Mr. and Mrs. G. W. Bennett,
 Mrs. J. C. Demall, Mr. and Mrs. Kolich,
 Mr. and Mrs. Miller, Mrs. L. Rivers, Mrs.
 Clark, Mrs. Glese, Mrs. Wilson, Miss
 Laura Smith, Miss Clara Smith, Miss
 Emma Smith, Mr. Neal, Mr. J. Bodell,
 Mr. Russell, Mr. Walker and Professor
 William Stagg.

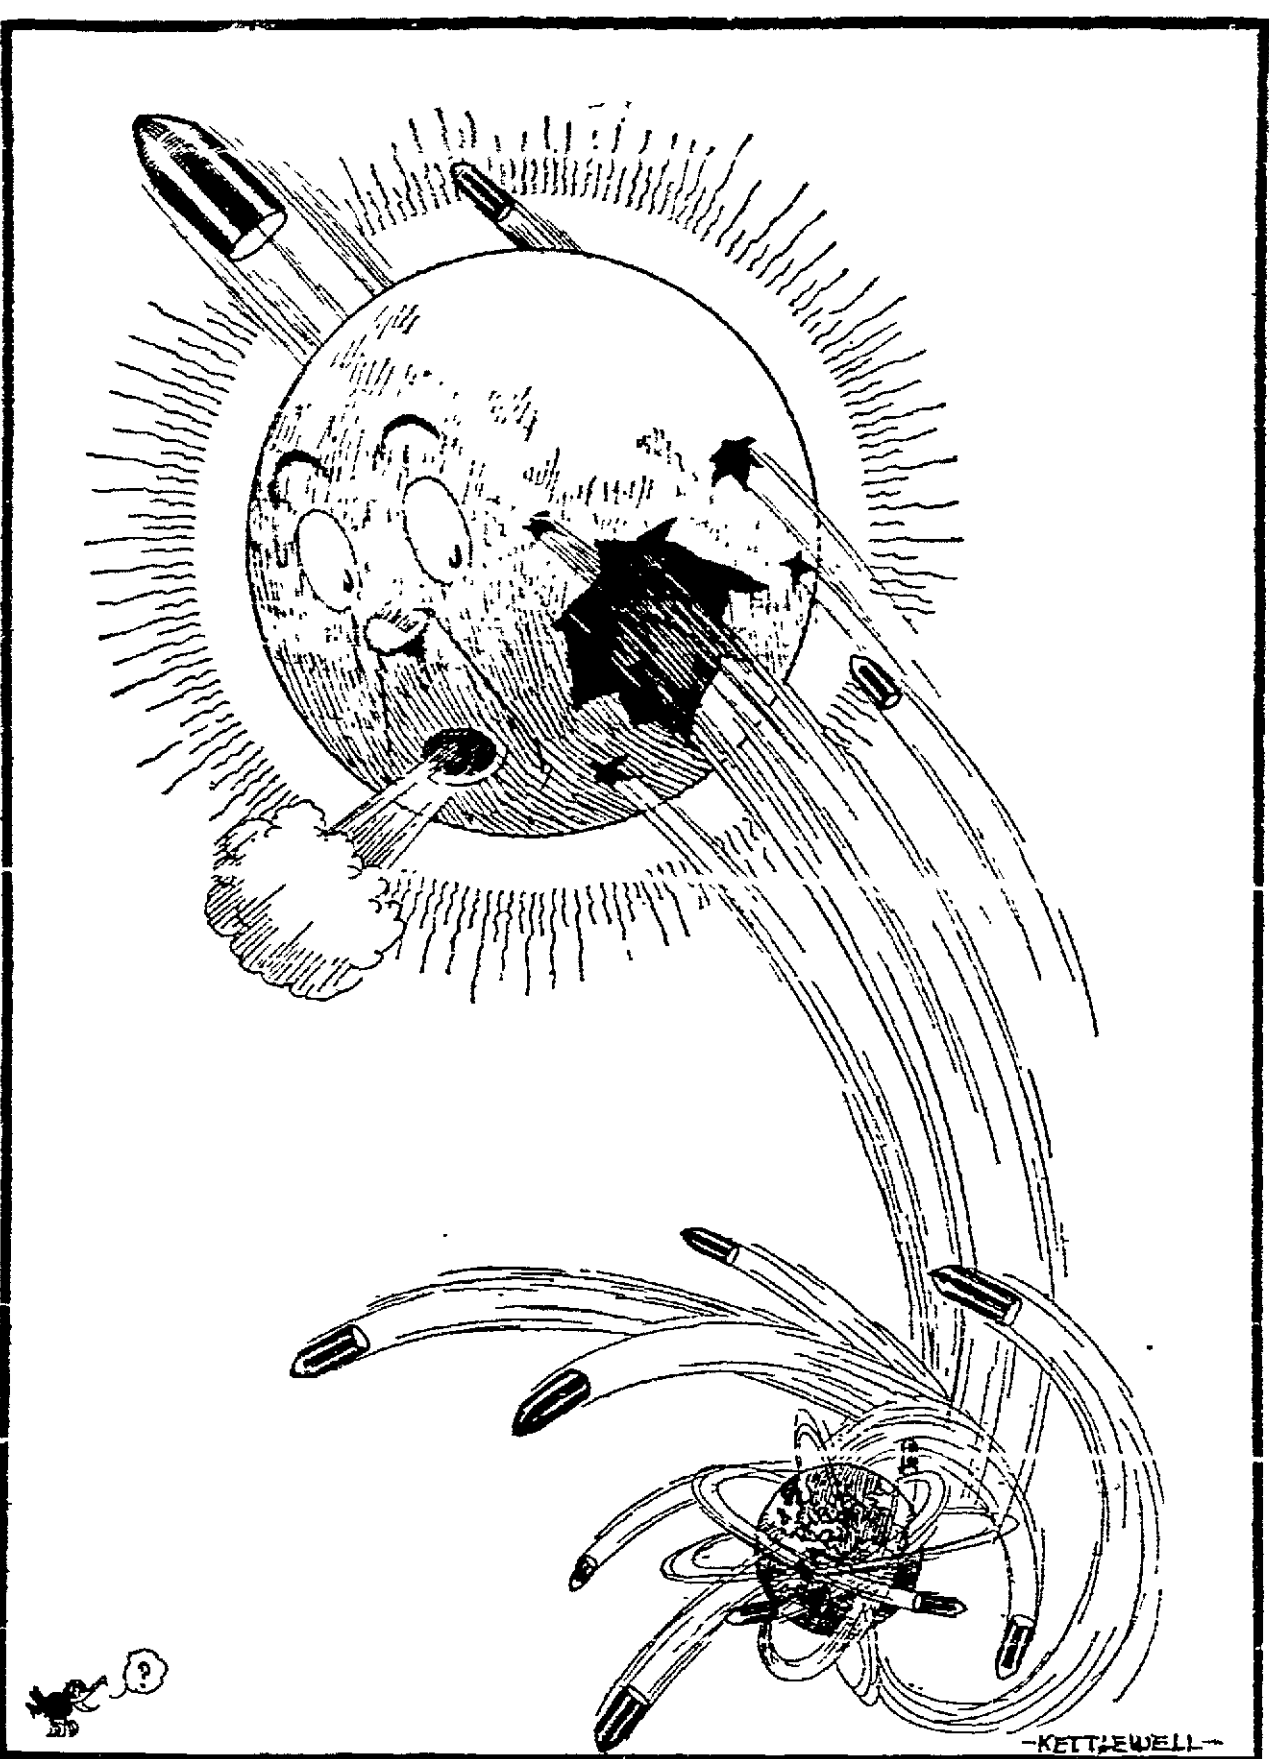

WHAT IS DOING TODAY.

American Genetic convention.

 Odd Fellows hold second day's session.

NEWLYWEDS.

Newly wed folk of moderate means who
 wish to settle down in homes of their
 own will find useful advice in a little
 book by Christine Terhune Herrick en-
 titled "A B. C. of Housekeeping." The
 author tells how to choose the home, how
 to furnish it, and how to arrange it, so
 that it will be comfortable and inex-
 pensive.

A POSSIBLE CAUSE OF THE LATEST SUN SPOTS!

VARIETIES.

Literature, and the War.

In a recent interview J. Bertram Lip-
 pincott, president of the J. E. Lippincott
 Company, said, as to the effect of the
 war upon literature, that "it is causing a
 cataclysmal readjustment of values, but
 when the story is finally told the effect
 will have been to make Americans more
 serious and more inclined to turn to
 books for benefit and inspiration." He
 thinks, too, that the responsibility thrown
 upon American scholars and scientists
 of carrying on the highest cultural move-
 ments ought to result in many great
 American books.

A Rare Honor.

Charles A. Conant, author of "Prin-
 ciples of Money and Banking," who died
 recently in Havana, is said to be the
 only man of modern times to have a
 coin named for him. When, at the re-
 quest of the government, he worked out
 a financial plan for the Philippines the
 results were so successful that for a long
 time the new standard coins were called
 "Conants" to distinguish them from the
 old Spanish money.

St. Joan G. Drvine, the new novelist
 of distinction, whose "Alice and a Fam-
 ily" and "Mrs. Martin's Man" have been
 widely read in this country, comes of
 the Irish working class, his father hav-
 ing been a workman in the Belfast ship-
 yards. He is not yet 30 years of age.
 His first opportunity was with the Abbey
 Theater, for which he wrote some plays.

Blind Author.

The author of the "Life of Nathan
 Hale," a spring publication in the series,
 True Stories of Great Americans, Mrs.
 Jean Christie Root, is 51 years old, has
 been totally blind since she was 67 and
 is partially deaf. She uses the typewriter
 with ease and did much research work
 for the material of her life of Hale. She
 has a large circle of correspondents
 among cultured men and women and,
 notwithstanding her age and disabilities,
 keeps in close touch with the world's
 progress.

FALLING A MILE.

Some interesting experiments have
 been made recently with falling bodies.
 It is stated, for instance, that a car of
 broken rock could be dumped into the
 shaft of a mine a mile deep without in-
 jury to a man standing directly under-
 neath.

The reason is that the rock would never
 reach the bottom, but would lodge in the
 sides of the shaft on timbers that pro-
 trude a few inches at intervals—that is,
 the rock would not fall straight, since
 these shafts are exactly vertical.

In the experiments conducted two round
 metal balls were dropped into the center
 of a shaft by burning threads by which
 they were suspended so as to give them
 no lateral motion. It was tried to catch
 the balls in a box of clay in the bottom
 of the shaft. None of them was caught.
 One ball was never found afterwards.
 The other was found in the east wall of
 the shaft only a few hundred feet below
 the surface. The explanation is that the
 earth is revolving from west to east,
 which gave the ball an eastward com-
 ponent in its fall, because a particle on
 the surface of the earth is traveling at
 a higher rate of speed than one nearer
 the center, although at the same angular
 velocity.

FOR MOLLYCODDLES.

A South London resident, whose garden
 runs down to the railway line, has hit
 upon a novel recruiting advertisement.
 He has hung out two old petticoats
 with a porter reading:
 "If you won't help your King and Coun-
 try now you had better wear these."

THE STATE PRESS

Seen in a Glass.

Sheriff Ross received a telephone call
 from Deputy Sheriff Lang in Red Bluff
 Wednesday morning. Lang said a big
 negro arrived at the Tehama county Jail
 last night and asked to be taken inside,
 as he had just been driven from Red-
 ding by a mob of 200, in command of a
 deputy sheriff. The frightened negro
 was locked up for the night as a pro-
 tection from the mob which, he said, was
 fast on his heels—Redding Searchlight.

Armless, But There.

A. L. Stevens, the armless auto driver,
 who is crossing the continent from
 Schenectady, N. Y., paid the record of
 his car, a Ford, now over 4200 miles. One
 of the remarkable features of this is that
 he has never even had a puncture nor
 had engine trouble. He left on June 8
 and has been on the road over seven
 weeks, averaging about 100 miles a day—
 Stockton Record.

POLITICS AND PUBLIC SERVICE.

Good Work of Last Fifteen Years Being
 Undermined.

(From The New Republic.)
 One wholly inexcusable result of Demo-
 cratic government in Washington has
 been a progressive degradation of the
 standards of administrative independence
 and competence. The work of degradation
 has been carried on inconspicuously and
 cautiously, but its cumulative results have
 become formidable. Beginning under
 President McKinley a steady improve-
 ment in administrative standards was
 maintained under Mr. Roosevelt and Mr.
 Taft. Both of these presidents earnestly
 tried to give to trained and experienced
 officials the independence of political dic-
 tation and the security of tenure neces-
 sary to the best performance of their
 work. But whatever they accomplished
 in this respect has been thrown away
 since March 4, 1913. President Wilson
 has been governing by means of his
 party, and except in the case of pecu-
 liarly flagrant demands he and the majority
 of his Cabinet have submitted to political
 pressure not merely in the State Depart-
 ment but throughout the service. Ex-
 perts of long experience have been dis-
 placed and their places taken by inferior
 men whose only claim to recognition was
 that of party service. Perhaps the most
 flagrant case of this kind is that of the
 Reclamation Service. As originally or-
 ganized and as operated for the first ten
 years, it was an expert engineering de-
 partment, which spent the money derived
 from the sale of public lands and placed
 in its hands by Congress in such manner
 as in the opinion of competent technical
 opinion the expenditure would be most
 fruitful. All this has been changed. Since
 July first the money derived from the
 sale of public lands has been covered into
 the Treasury, and hereafter reclamation
 projects will depend for their carrying out
 on Congressional approval and appropri-
 ations. They will become, that is, part
 of the pork-barrel, and will be divided up
 among the districts according to the po-
 litical influence of the local representa-
 tives.

FRANK R. ECKART DISCLAIMS DEATH

Denies Reported Burial at Sea; Alive in Three Forks, Mont.

"I'm not dead; please tell my friends I don't care to have any relatives settle my estate or take care of my wife as a widow."

This statement was made in Three Forks, Mont., yesterday by Frank R. Eckart, formerly of this city, whose friends here believed he was the Frank Eckart buried at sea from the steamer Finland on June 23. The report gained wide circulation in Oakland that Eckart was one and the same person who had received fatal injuries by falling down a companionway on the Kronland. W. J. Day of 1325 East Fourteenth street went so far as to take the matter up with the police, Eckart being his brother-in-law. Frank R. Eckart, who has made books on races from Canada to Japan and from coast to coast, was a well-known figure at the old Bay District track.

Now comes a report from Montana that the dead man may be a brother of Frank Eckart, namely, Edward Eckart, a former New York sporting writer.

W. J. B. Puts Crown on Head 'Wilson's Name and Mine Will Be Linked'

By Associated Press.
SEATTLE, Wash., Aug. 3.—W. J. Bryan, former secretary of state, addressed a large audience here on the crisis confronting the United States in regard to the European war, his work in effecting international peace treaties and international policies.

In refuting the claims of those that advocate a larger army and navy for the United States, Bryan said:

"There are some persons who still believe a man should drink raw blood before breakfast and threaten to kill somebody before dinner, just to keep from being a mollycoddle. There are a few persons—not many—who speak of the thirty peace treaties he had prepared when secretary of state, Bryan made this prediction: 'One thousand years from now Woodrow Wilson's name and my name will be linked together in all the capitals of the world.'"

Gunboat Is Ordered to Port Au Prince

By Associated Press.
WASHINGTON, Aug. 3.—The gunboat Osceola was ordered today from Guantanamo to Port Au Prince to join Rear Admiral Caperton's squadron. Admiral Caperton cabled all was quiet yesterday in the capital city at Cape Haitien.

FAST TRIP FROM MASSACHUSETTS TO FAIR

Cadillac Owner Makes Run in 24 Days; Seek Uniform Price on Gas.

(By J. A. HOULIHAN.)

One of the hundreds of motorists flocking to the exposition from every nook and corner in the universe none probably had a more interesting or shorter trip than that of M. L. Sylvia of New Bedford, Mass., who arrived in Oakland Saturday afternoon, twenty-four days after starting from his home.

Following the route of the Lincoln Highway, all the way to the Pacific Coast. The tough driving experienced by the automobilist coming across the land two months ago is not contented with now by the later travelers. Last May, spring rains through the Middle West left mile upon mile of gumbo mud where roads were supposed to exist and only the hardest tourist got through at all. These roads are now in pretty good shape, according to Sylvia. The tourist here now for the exposition, he says, will find much more comfort on his homeward tour.

East of the Mississippi Sylvia claims it was necessary to make a great many detours because of new road-making and repairing. In Ohio and Pennsylvania some stormy weather was encountered. Otherwise, he adds, taking the roads as a unit, they are away ahead of the stage. Wyoming and Utah can make many improvements in sections of their portion of the Lincoln Highway.

The Easterner stopped five days along the route. His actual running time was nine days. Sylvia, traveling Des Moines he covered 1125 miles in five days, a daily average of 245 miles. Night driving was indulged in on the last four days only. Sylvia claims his trip was devoid of any semblance of mechanical trouble.

WANT UNIFORM GASOLINE RATE

PHILADELPHIA, Pa., Aug. 3.—Plans for a national investigation looking to the standardization of the prices of gasoline were made in a conference of the executive committee of the Automobile Association of America here today. Special Agent in Charge of Boston was appointed to conduct the inquiry and he was instructed to report in October.

The committee also recommended that the by-laws of the organization be revised so as to conform with state regulations, opposed speed tests between cities, principally Philadelphia to New York and Boston, and from Chicago to San Francisco, and approved a resolution with regard to the question of allowing American registered cars to drive in Canada.

TOLL TO BE WAIVED FOR TOUR. Through the efforts of C. D. Webb, of the Watrous Hotel at Watrous, the toll charge of \$2.50, exacted from automobiles passing over the Watrous road will be waived on September 6 for the benefit of the Tribune tourists in the run to Yosemite valley.

The co-operation from Mr. Webb is in line with similar acts on the part of different hotel owners along the route of the tour. The entry blanks are now in the hands of the committee, which is comprised of E. J. Day, Colonel Hewes of the Pacific Hotel, Kar branch, J. T. Barnes of the J. W. Leavitt Co., J. C. Lockie of Chambers & Lyon, A. E. Berg of Berg Auto Supply Co., Bob Martland, Norman Pearl and Charlie Avis of Weinstein-Nichols. Information which automobilists may want in connection with the tour will be given by any one of these men.

BUYS 25 CHEVROLETS.

The Transbay Automobile Company, organized but a month or so ago, has met with such success that it has become necessary to increase the quantity of machines they have in service. To bring their car equipment up to the present requirements, an order has been placed for 25 of the smaller model Chevrolet cars known as the Four-Ninety model.

The Mathewson Motor Company, who are handling the Chevrolet cars, claim to have shipped to hundreds in the week it has been here. The volume of orders represents a nice tidy total.

HIGH MACGABEES BEING INSTRUCTED

School Held for Commanders and Record Keepers Attended by Delegates.

A school of instructors for the commanders and record keepers in this state of the Macgabees (formerly Lady Macgabees) Benefic Association is being held at the hall of the order in Oakland by Mrs. Minnie W. Oydelotte of this city, who is supreme representative. The school of instruction will last during the week, the scholars being 121 delegates from sixty-seven California lodges. The delegates are being taken through the new laws and new features of the lodge work. The ritualistic exemplification is put on for their benefit each evening by the local lodges of Macgabees. The Macgabees Benefic Association represents the largest woman's lodge in the world, it having a membership of 186,000. It is protective of the home in every manner, caring for the aged, the infirm, the relief funds and burial physicians' care. The delegates will be taken to the exposition as guests of the order. Mrs. Oydelotte is a resident of Oakland, and has charge of the Pacific Coast territory which takes in that section of the coast from British Columbia and as far east as Texas.

THIRD COUSINS WED.

Junius V. Ounart, a Portland lawyer, and Audrey V. Ounart, his cousin, came to Oakland yesterday and obtained a marriage license. The laws of Oregon prevent the wedding of cousins. The laws of this state only affect matrimony between first cousins.

FELL INTO BIG TANK.

SAN FRANCISCO, Aug. 3.—L. G. Howard of 161 Folsom street, fell into a tank at the Rainier brewery, Portland, and lay in the tank for some time. His head and arms were cut and bruised about the body and were treated at the Central Emergency Hospital. The tank was just being put in place and had not been filled.

FRAT MEN BEGIN FIFTH CONVENTION

Pi Kappa Alpha Society Delegates Meeting at Hotel Oakland.

The fifth biennial convention of the Pi Kappa Alpha Fraternity is in session at the Hotel Oakland today, with Alpha Sigma Chapter of Berkeley as the host. It is expected that 40 delegates from states throughout the union will have registered by tonight. The convention opened last evening with a smoker, following delegates to attend meetings of the House of Representatives, telegraphed from Washington his regrets at not being able to be with the "wave."

This morning's session was called to order by Grand Councilor H. R. Arbuckle, of Davidson, N. C. in behalf of Alpha Sigma Chapter. Harold Jackson had the delegates welcome. Response in behalf of Pi Kappa Alpha was made by Grand Princeps J. Gordon Hughes of Union, South Carolina. The balance of today's chapter reports and reports of the supreme council, together with the appointing of standing committees.

TO GIVE ANOTHER PLAQUE. This evening the delegates will banquet at the El Pacifico Inn and will then participate in Pi Kappa Alpha Events at the Exposition. A commemorative bronze plaque will be given the fraternity.

DEATH MYSTERY MAY BE SOLVED

Believed Spreckels Lake Victims Were Mr. and Mrs. M. Neville of L. A.

SAN FRANCISCO, Aug. 3.—A body of the man found dead in Spreckels Lake last Wednesday and taken before the body was placed in a grave in the Potrero field, was sent by the police this morning to Mrs. P. H. Tatum of 222, Kern street, Fresno, who believes that the deceased may have been her uncle. A letter to the police received yesterday from Mrs. Tatum tends to indicate that the man and woman who were found in the same spot were Mr. and Mrs. Mervin Neville and that murder and not a suicide pact was responsible for their death. As the body of the woman did not come to the surface until two days after that of the man, the remains were so badly decomposed that it was impossible to photograph the features. A picture was, however, obtained of the man, which is a fairly good likeness and it is believed that Mrs. Tatum will have little difficulty in recognizing it if the face is that of her uncle.

According to the information contained in the woman's communication to Captain of Detectives Shaw, her aunt's maiden name was Julia Brookins. She was born here and married at Mill Valley, June 14, 1888. This tallies with the inscription on the wedding ring found on

DEATH MYSTERY MAY BE SOLVED

H. Tatum of 222, Kern street, Fresno, who believes that the deceased may have been her uncle. A letter to the police received yesterday from Mrs. Tatum tends to indicate that the man and woman who were found in the same spot were Mr. and Mrs. Mervin Neville and that murder and not a suicide pact was responsible for their death. As the body of the woman did not come to the surface until two days after that of the man, the remains were so badly decomposed that it was impossible to photograph the features. A picture was, however, obtained of the man, which is a fairly good likeness and it is believed that Mrs. Tatum will have little difficulty in recognizing it if the face is that of her uncle.

According to the information contained in the woman's communication to Captain of Detectives Shaw, her aunt's maiden name was Julia Brookins. She was born here and married at Mill Valley, June 14, 1888. This tallies with the inscription on the wedding ring found on

DEATH MYSTERY MAY BE SOLVED

Believed Spreckels Lake Victims Were Mr. and Mrs. M. Neville of L. A.

SAN FRANCISCO, Aug. 3.—A body of the man found dead in Spreckels Lake last Wednesday and taken before the body was placed in a grave in the Potrero field, was sent by the police this morning to Mrs. P. H. Tatum of 222, Kern street, Fresno, who believes that the deceased may have been her uncle. A letter to the police received yesterday from Mrs. Tatum tends to indicate that the man and woman who were found in the same spot were Mr. and Mrs. Mervin Neville and that murder and not a suicide pact was responsible for their death. As the body of the woman did not come to the surface until two days after that of the man, the remains were so badly decomposed that it was impossible to photograph the features. A picture was, however, obtained of the man, which is a fairly good likeness and it is believed that Mrs. Tatum will have little difficulty in recognizing it if the face is that of her uncle.

COST OF OAKLAND'S AUDITORIUM HOW POPULAR DEMAND WAS MET

Million-Dollar Municipal Edifice on Lake Merritt Sufficient for a City of a Million Population; It Is Also Adequate for the Purposes for Which It Was Designed.

This is the sixth of a series of articles telling what city officials have done with \$30,000,000 during the last ten years.

NUMBER SIX.

By FREDERICK FAULKNER.

The worst thing about the Municipal Auditorium of Oakland is its reputation. When serving both their personal and official duties the city officials avoid mentioning the Auditorium in voluminous detail. Just before returning from office former Mayor Frank K. Mott issued a neatly bound little brochure of 46 pages, in which he set forth the accomplishments of his ten-years' administration of the mayoralty. He disposed of the Auditorium in three lines. Yet it was the high optimism of Mott that was responsible for the Auditorium as it now exists. When there was only \$500,000 available, it was he who said, "Go ahead with the million-dollar building," or words to that effect.

The question for the people of Oakland now to decide is, not whether it should have been built for the original estimate of \$500,000, but whether its artistic and utilitarian value is equal to what it actually costs the taxpayers, \$1,000,000.

I started the writing of this series of articles with the guiding idea of truthfully describing "things" as they now exist, and avoiding criticisms or praise of any "persons." I should like a few lines recess, however, to criticize the man who made the original estimate of \$500,000 as adequate to construct the Auditorium. It was impossible to erect such a splendid and vast edifice, with the kind of construction followed and the various features it contains, for \$500,000. The Auditorium would be appraised today at nearly \$1,250,000, considerably more than its ultimate cost.

ESTIMATE TOO LOW.

Yet this original estimate, as is always the case, resulted in no end of criticism later. The first figures did not include the \$50,000 for filling in the marsh land, the heavy cost of sinking piles to "hardpan" and constructing a concrete platform to hold the foundation; it did not contemplate that the foundation would have to be from 15 to 30 feet below the present ground level, which would entail heavy additional cost in structural steel and concrete work. It fixed \$1000—or some other equally absurd figure—as the amount to be spent on the roof. It would be fruitless to discuss at this time the action of the city officials in accepting this estimate, even provisionally, and asking a \$500,000 bond issue when they should have known that \$1,000,000 would be necessary.

SERVES ITS PURPOSE.

Let us see what we have. A municipal building with a big purpose somewhat unique in American cities. It is designed to be a place where the people may assemble for discussion and to hear the discussions of subjects for common advancement and of general interest; its arena, with a seating capacity of 8000 people, is a place for great conventions and popular gatherings, where music, opera

LEGAL PUZZLE ARISES FOR BOARD

Have we fired Turner and Taylor? Who's going to pay our lawyers? These are the questions the Board of Education would like to have settled—especially the lawyer question.

They thought that the report of their attorneys settled the matter, but now they discover that the judge and the district attorney's office are of another opinion, and furthermore that the special counsel whom they employed may not meet the approval of the board.

There being no legal way in which the city or school department can pay for such service, which is supposed to be rendered only by the district attorney.

When the Turner suit was decided, through a restraining order, application to prevent L. Taylor and John Turner's removal from the offices of building superintendent and accountant respectively, the majority of the board hired Gillis and Robinson as special counsel over the protest of directors Brown and Hawes. The case was heard and the decision made that the men could be removed from duty if the board so desired.

But—here comes the hitch—the Court says that the men can still collect their salaries. In other words, the board would have to pay double salaries.

"The court," said Judge Warte, "has reached the conclusion that Turner and Taylor were employees of the Board of Education and that by the power authorized and invested by law, as a result of the suit, they were appointed, that is, for a fiscal year the board had power to make contracts and these having been made, and the appointees ready and willing to perform their services under mutual and binding and valid contract or obligation, Turner and Taylor are still employees of and subject to the orders and jurisdiction of the Board of Education."

The view taken by the district attorney's office, based on the opinion of Judge Warte, is that while there is no law to stop payment of two salaries, there is no way to escape such a contingency save by reinstating Turner and Taylor. The board has twenty days to amend its case if it desires to go to further expense in fighting.

In the meantime, according to the district attorney's office, the payment of the special attorneys hired by the board is a puzzle. The state school laws state that all legal services must be performed by the district attorney, who is ordered to do such work free of charge. It is more than probable, say the attorneys, that the lawyers, in claiming their fee, will have to rely on the members of the board personally for their money. The matter will be considered at the next meeting of the board.

The Robinson report to the board, following the case in court, was that the contract had not legally passed on the contract matter, this being not officially before the court, but only the court's action in ordering the two men kept in office.

POLYGAMY LOSING HOLD IN ORIENT

Economic, Rather Than Moral or Religious Reasons, Underlie Change.

"Polygamy is rapidly losing its hold in the Orient, especially in Turkey. But it is not for moral or religious reasons. The cause is an economic one. The Turk of today finds the irritation from the quarreling of a lot of wives too great an annoyance. Now he wants a French cook, a German governess and so on, but only one wife."

This speaks Mrs. Tade Hartson Kuhn, one of the most widely traveled women in the world, who is in San Francisco today, having come from Persia to attend the annual banquet here of the Kappa Kappa sorority of which she was formerly president. Extremely interesting is her version of evolution in woman's life in Oriental countries. She said: "Mohammedanism is fast losing out and the women of countries where it is flourishing or has flourished, are coming to hold a much higher place in the scheme of things. The reason for this is simply this: It is seen by the Turks and others that the countries which are leading the world are the countries where the women are treated well."

"In China I was invited to women's clubs and to a baby show. The Japanese women are interested in American cooking more than almost anything else."

"I don't think the world is going to be wholly modernized. These very Japanese women are clinging tenaciously to their traditional dress, for one thing. There is much advancement among the women of the higher classes in India. Foreign education there has become a passion, as it is almost throughout the Orient."

"The most striking thing about the men of the Orient now is, it seems to me, the celebrity with which they are setting their heads into hats and their feet into shoes. English has already become the universal language."

Mrs. Kuhn was the guest for three weeks at Urmiah, Persia, of the late Mrs. W. S. Shedd, sister of Judge Curtis D. Wilbur of this city, and a Presbyterian missionary sent there by the First Presbyterian church of Pasadena.

"I call Greensburg, Pa., my home," said Mrs. Kuhn last night. "I have to call some place home in order to get passports, but I am traveling most of the time. I expect, however, to be in the States now for a while, in order to attend to some business pertaining to a sand mine which I have in Virginia."

RICE GROWERS ARE JUBILANT.
CHICO, Aug. 3.—Rice men of Butte county what at the beginning of the season feared a light crop and a great loss because of the rains and cold spell, are now jubilant over the crops, which will be greater than ever in the history of rice growing in California. In the Biggs and Richvale rice districts the pre- and weather has been the salvation of the rice man. The rice is heading out already, and the product will be phenomenal.

Robbers Snatch \$10,000 Jewels Wife of Millionaire Fights Desperately

SAN DIEGO, Aug. 3.—Fighting desperately with a big masked highwayman to prevent the loss of a diamond necklace valued at \$10,000, Mrs. Elizabeth Itae, wife of a millionaire Montana sheep king, was knocked senseless by a piece of rubber hose in the hands of the robber.

The robbery occurred Saturday night on the Coronado strand, when, in company with Euk Moscholder, a well-known young lawyer, Mrs. Itae was motoring to Coronado Tent City from San Diego.

A mile south of the resort the car was stopped by two masked men and both occupants compelled to alight at the point of a revolver.

When one of the highwaymen

KIDNAPING BARON SHOT DOWN ALLEMAND WERTHER IS VICTIM

By Associated Press.
RIO JANEIRO, Aug. 3.—Baron Allemand Werther, son-in-law of the late Baron de Rio Branco, Brazil's famous foreign minister, was killed last night while trying to gain possession of his children, who have been living with his former wife, who obtained a divorce from him.

The divorce trial of Baron Werther, which began in September, 1913, resulted in sensational disclosures. The baroness declared that her husband seized important diplomatic documents belonging to the ministry of foreign affairs of Brazil and threatened her with death when she protested.

Baron Werther, she asserted, had frequent interviews with Herr Michelletti, then German minister to Brazil. She said also that her husband communicated to the Krupps and other German firms documents referring to the defenses of Brazil.

About a year before the divorce proceedings were instituted Baron Werther was shot three times by his nephew, Senhor Aldevo Paranhos Silva, but his wounds were not serious. The shooting took place at the baron's home in Petropolis. Senhor Silva declared he mistook his uncle for a burglar.

Child Loses Life In Eastern Storm Chicago Experiences a Mild Summer

By Associated Press.
PUNXSUTAWNEY, Pa., Aug. 3.—One life was lost and many thousands of dollars' damage done throughout this section last night by a series of storms which drove streams, washed away bridges, dented railroads and interrupted trains and destroyed harvest. Rain fell fast, a boy was swept from a bridge here and drowned.

CHICAGO, Aug. 3.—Records of the local United States weather bureau show that more rain fell in Chicago and vicinity in July than in any corresponding month since 1902. The total rainfall for July was 5.57 inches, an excess of 1.93 inches. In 1907 the total rainfall was 5.73 inches. July was the third coolest month of cool and moist weather this summer. The month, with an average temperature of 70.2 degrees, was the coolest since 1902, the average being 72.2 degrees over normal.

HOW WILL THEY
SEAT 'EM ALL

There are problems in all kinds of sports. The baseball magnates are always on the alert to increase attendance at their parks while the college football executives are constantly worried by the necessity of earning for many more spectators than their stadiums will accommodate. When the Harvard stadium was built in 1903 it was expected that the vast horseshoe would equal all seating demands for years to come. In just twelve years Harvard finds itself in the position where there is talk of shifting the annual Yale-Harvard game to New Haven unless the Boston building commission will permit the erection of large temporary stands for the big game next November.

In 1913 some 45,000 spectators sat this game at Cambridge. Last autumn close to 70,000 paid \$17,000 to witness it. Now the same 70,000 and some additional thousands want to see what Yale can do in the way of a come-back. While Coach Perry Houghton is worrying about a substitute for Charley Brickley, Graduate Manager Moore is trying to figure out how to put 70,000 spectators in a stadium never meant to seat more than half that number.

OIRT HAS CINCH ON
CYCLE TITLE

Harry Oirt, Olympic Club rider, who went East a couple of months ago, will probably return to the cycle track. He is now the favorite to win the 1915 title. He has won the 1914 title and is expected to win the 1915 title.

FRANKIE MALONE
WINS FROM BRATTON

TONAPAH, Cal., Aug. 3.—Frankie Malone, of Oakland, Cal., won from Jack Bratton here last night in a four-horse race. The race was a close one, but Malone was clearly the favorite and won by a wide margin.

"HUMAN FREIGHT-
CAR" BUSTING
FENCES

Harry Meek is having one grand little career all by himself down in the Texas league. Out of his first 15 times at bat, Harry jammed out just 6 hits, or a trifle under the 300 mark. Meek is no stranger to the Texas fans, as it was there that he first became widely known as a hitter. In 1911 in the Texas circuit Harry made himself as welcome as the fever to the other clubs in the region, and he is finishing the job of breaking the fences with the San Antonio club.

LOS ANGELES GIVEN
1916 TRACK MEET

The Los Angeles Athletic Club, represented by B. B. Weaver and a number of other top athletes, has been given the 1916 track meet. The meet will be held at the Los Angeles Athletic Club grounds and will feature a number of top athletes from all over the country.

HERE'S THE SNAKE
BALL

Outs (Grandall, formerly of the New York Yankees) and his partner, the St. Louis Cardinals, are credited with the invention of a new delivery which has been named the "snake ball." While the ball does not have the usual curve, it is said to be almost as fast. According to the reports of opposing batters, the sphere floats up to the plate in a series of eccentric circles, that give lucky batters the stagger, trying to follow its course. If the tales be true, it is small wonder that Fielder Jones, who has been the brand of umpiring, has been received recently.

"RED" BALDWIN BACK
FROM WHITE SOX

Sam (Red) Baldwin, who last year pitched for the White Sox, has been signed by the St. Louis Cardinals. Baldwin is a right-handed pitcher and is expected to be a valuable asset to the Cardinals.

NOTE—So much comment has been aroused among cigarette smokers by the sensible suggestions in this advertisement that we have received several letters from Oakland men, suggesting that the advertisement be reprinted for the benefit of those who missed seeing it in last week's papers. Clip this out and keep it as it will not appear again.

LIGGETT & MYERS TOBACCO CO.

find "yours"

Get all the smoke-pleasure you pay for. Find the right cigarette—a SENSIBLE one that fits your own likes and dislikes.

It may or may not be Fatima

—but this will help you find it.

Tastes differ—in fashions, foods and pretty girls. Also in cigarettes. A cigarette that started out to please every man's taste would end up by pleasing none. Most of us like our cigarette smoke deliciously cool and refreshing. The Mexican likes his hot and dry, with a nice little peppery sting in it. Some men like a cigarette wholeheartedly, fragrantly wild. Others of us hunt for a cigarette almost as heavy as a black cigar. Most of us want an "easy" cigarette—a SENSIBLE one, so that no matter how steadily or how many we smoke, we'll feel as fit as a fiddle. Other men, though, don't care about that. They smoke only a few—so they want a kick like a mule's in each puff. All of us want our smoke "full-bodied"—it must satisfy that smoke-hunger. But the cigarette that just fills the bill for you may not do at all for your next-door neighbor.

How to Find "yours"

To avoid blindly trying too many different cigarettes, ask yourself, first of all, this question: "Just what do I like in a cigarette?" If you smoke only a few every day, you may prefer a cigarette which is rather rich or heavy and "oily." Or you may like one which has a rather strong "oriental" taste with a pungency almost like perfume. Or you may want a cigarette with that noticeably "sweetish" Egyptian flavor. But if you smoke quite often—if you would like to smoke whenever you feel like it and without any effect on the tongue or throat or any fear of a heavy or "heady" feeling afterwards—then you should choose some cigarette such as Fatima, a cigarette composed of all-pure tobaccos of considerable aroma, mellowed by being aged and carefully blended to produce a fragrant and wholesomely mild, yet "full-bodied," smoke. And the smoke must be noticeably COOL. For otherwise your tongue or your throat will soon signal you to stop smoking so often. If you will ask any Fatima smoker, he will tell you that Fatimas never make him "feel mean"—no matter how many he smokes. That is why Fatimas are considered the most sensible cigarette by such a large majority of smokers. And that is probably the main reason why hardly any Fatima smokers ever switch! They like a sensible cigarette—and one with a good, pure taste to it.

But the Taste is up to You

All cigarettes are pure, but when it comes to the taste, nobody can help you choose. You simply have to decide for yourself. Of course, Fatima's taste may not appeal to you. But most men who try Fatimas like the taste so well that they seek no further—otherwise Fatimas could never have won and held their enormous and growing leadership amounting to over one and a half BILLION cigarettes a year.

The one purpose of this advertisement is to ask you in a fair and square way to give Fatimas (20 for 15c) a good trial. If they don't happen to suit your taste, you'll quit smoking them of course. But if you like Fatimas as well as MOST men do, you'll be mighty glad you read this advertisement—and ACTED ON IT!

Below are two simple tests which you can easily make and which may help you find your sensible cigarette. It may or may not be Fatima. But be fair to yourself and find "yours."

Two Tests for ANY CIGARETTE

The taste of the cigarette—according to a leading tobacco journal—is up to the inferior grades of tobacco or hidden to a smoker. But there are other qualities that you should look for in the cigarette that you are going to stick to for your steady smoke. Here are a couple of tests that may help the average smoker to choose more wisely between different kinds of cigarettes. The first test is for coolness, which means more comfort to the throat and tongue. Light any cigarette. Draw in a cloud of smoke—a small, ordinary puff is not sufficient to make this test. Hold it in your mouth for a few seconds. Let it "float" around against your tongue and throat. Now blow out a high grade of mild tobacco leaves, combined in just the right proportion, it will always feel cool and smooth both to your throat and to your tongue. On the other hand, if the proportions of having "smoked too much" are not right and if the cigarette contains inferior grades of tobacco or hidden to a smoker, you will feel a burning sting at the tip of your tongue or that "sandpaper tickle" in your throat. Test number two—How do you feel after smoking all day? If the tobacco in the cigarette includes a correct proportion of mild grades—and if all of the various grades have been properly mellowed by age—and if they have been so blended as to neutralize any unpleasant qualities in each of the different types of tobaccos, you will be able to smoke practically whenever you feel like it through the day without feeling any effect from it. But with another kind, even though the blend is less skillful, even though the tobacco is of the highest grade, you will find along towards the end of the day that you are likely to have that feeling of having "smoked too much."

FATIMA was the Only Cigarette Awarded the Grand Prize at the Panama-Pacific International Exposition.
